# Introduction

Commanding the head of the Markha Valley are the towering twin peaks of Kang Yatse. We will tackle the western summit known as Kang Yatse 2, a perfect introductory 6000m+ peak for those wanting to hone and sharpen their skills, and a perfect alternative to the popular Stok Kangri.

The approach to our base camp is through the, almost unknown, Lhato Valley meaning this is an adventure for those who want to experience the remarkable Ladakhi landscape in perfect solitude. Our carefully planned itinerary allows for ample acclimatisation by exploring the ancient Buddhist monasteries and palaces of the Indus Valley and driving up to the Kardung La (5390m), one of the highest roads in the world, for a sensational panorama of the Karakoram range. The trek through the Lhato Valley allows for further acclimatisation to ensure that we are fit and ready for our summit attempt on our arrival into base camp. The ascent of Kang Yatse 2 is technically straightforward, involving easy-angled scree and snow slopes and is the perfect end to this two-week climbing holiday.

## Is this holiday for you?

Our trekking and climbing holiday to Kang Yatse 2 is a physically demanding trip, reaching an altitude of over 6000m. However, this is not a technically demanding climb and crampon experience is preferable but not essential. The approach trek traverses remote valleys that see very few visitors and the trails will not always be well defined and will also require numerous stream and river crossings. It may be necessary to rope up to cross a small glacier before starting the ascent which will mainly be over easy-angled scree and boulder slopes. The final 100 - 200 metres may require the use of crampons on snow slopes up to about 35 degrees and along a short rocky ridge where the guides may use safety ropes depending on the conditions on the day. The ridge is not a knife-edge, but there is a degree of exposure and some scrambling may be required depending on the snow conditions.

Must-sees here include the Red Fort, built by Emperor Shah Jahan; Hummayan's Tomb, constructed in similar style to the Taj Mahal and the towering Qutab Minar minaret. New Delhi was the creation of the British Raj who wanted to show their ascendancy over the former Mogul rulers with many grand buildings designed by the greatest ever British architect, Sir Edwin Lutyens. ## Meal Plan

All meals are included in the holiday price from lunch on day 1 to breakfast on day 15.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Food & Water

### Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

The food served during the trek is a mixture of local and Western food, mostly purchased locally and cooked for us by highly trained trek cooks. The emphasis is on providing a high-carbohydrate and largely vegetarian diet, which we have found to be easily digestible at high altitude. In Delhi and in Leh, we take our meals in the group hotel or in nearby restaurants. All meals while on trek and while staying in hotels are included in the trip price.

### Accommodation

On arrival in Delhi and for one night after the trek, we stay at a hotel close to the airport which provides convenient and comfortable accommodation. Being near the airport makes the whole travel experience more relaxing. In Leh, we have 5 nights in a good tourist standard of hotel. Whilst on trek there are 7 nights camping. All accommodation is allocated on a twin sharing basis. If you are travelling by yourself, you will be paired up with another single client of the same sex. Single hotel rooms and/or single tents are available for a supplementary cost. For hotel prices and single supplement costs please refer to the dates and prices page of the trip on our website. Please note that you may not be able to access your hotel room on Day 1 until 2pm. If you are arriving early and would like more direct access to your room there is the option to book an extra night.

### Group Leader & Support Staff

The group will be led by professional and qualified tour leader, who is trained in the prevention, recognition and treatment of altitude sickness.

### Altitude

This holiday involves going to very high altitude. During the course of your trip you will be spending at least one night above 4000 metres and/or trekking to 5000 metres or above. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). Unless you have previous experience of trekking above 4000 metres you should consult one of our trekking experts before embarking on this holiday. On this trip we carry a portable altitude chamber (PAC-bag) and/or bottled oxygen for use in emergencies.

## Spending Money

Approximately £200 (or equivalent in euros, US dollars etc.) changed into local currency, should be allowed for miscellaneous expenses, including trek crew tips, soft drinks, etc. It is not necessary to purchase local currency (Indian Rupees) before you travel. We recommend taking your personal spending money in cash since you will be changing the majority of this into local currency on the day of arrival. Sterling, US dollars and euros are readily exchanged in Delhi or in Leh. Credit cards can be used to purchase many goods in Delhi and are particularly useful for more expensive souvenirs. It is also possible to withdraw cash (rupees only) from cash machines in certain banks in Delhi using credit and debit cards.

## Guidance on Tipping

Tipping is the accepted way of saying thank you for good service. Normally the trek staff are given their tips at the end of the trek and this is best done as a group and with a simple ceremony. Your tour leader will advise the group on an appropriate level of tipping. As a guide, we recommend that each group member contributes around £90 (in rupees) to these tips - although the amount you give is entirely up to you. At the end of their trek many people also like to donate various items of equipment to the trek staff who work so hard to make the trip a success. Boots, gloves, hats, scarves and even socks are always warmly received. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday.

## Baggage Allowance

For this holiday you should take one piece of luggage, which should be a soft and sturdy duffel bag and a daypack. Your bag on trek will be carried by porters or pack animals. The packed weight of your trek bag whilst trekking should be no more than 15kg. Please note that the check-in baggage limit on all internal flights within India is now 15kg with a maximum cabin baggage limit of 7-8kg and you are responsible for any excess baggage fees that the airline may apply. From time to time cabin baggage (other than laptops, cameras and valuables) is not allowed on the Leh flight for security reasons. In this event, the limit for check-in baggage may be increased to 20kg at the discretion of the check-in staff. Note that excess baggage charges on domestic flights are minimal (a few hundred rupees per kilo), and we advise that you ready to pay any additional small costs should your baggage be overweight. It is possible to leave travel clothes and any other items not required on trek at the group hotel.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

# General Information

---

## Passport & Visas

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates** (see *Health & Vaccinations below*), **and visas for your holiday**. Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

### Visa India

Most nationalities, including travellers from the UK, the USA and many European countries can apply for their Indian Visa online through the **E-Visa Application** process. You must make your application at least four days prior to departure. Please download the detailed information document for details of how to apply for your visa: [Visa India PDF](#)

NB. The application process can be temperamental and we suggest you try a different browser (Firefox is known to work) if your application does not at first go through.

### e-Arrival Card - Important

Separately and additionally, foreign nationals must now complete an e-arrival card to present at immigration on arrival in India along with their e-Visa. This digital form replaces the paper disembarkation card (which will continue to be available on your flight or on arrival until March 2026). The digital e-Arrival form is found here <https://indianvisaonline.gov.in/earrival/>. It should be completed **within the 3 days prior to your arrival in India**.

You will need your Indian Visa details for this form. A 30-day E-Tourist Visa can be applied for within 30 days of travel and will usually be processed within a couple of days. As an alternative you can apply for a 1-Year E-Tourist Visa within 180 days of travel. **DO NOT MENTION SIKKIM** in 'Places to be visited' when you make your application.

## Health & Vaccinations

### Vaccinations:

You should be up to date with the routine vaccinations recommended in the UK for overseas travel.

You must also contact your doctor or travel clinic to check if there are specific vaccinations or other preventive measures that you need for the area you are visiting, in good time before you are due to depart.

On holidays to more remote areas you should also have a dental check-up.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates.**

Please check the [FCDO](#) and [Travel Health Pro](#). For all of your intended destinations for up-to-date advice.

### Severe Allergies:

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips.

## Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a climbing holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. For this trip you need to be aerobically fit and also comfortable with walking for 7 - 8 hours each day over several days. The best preparation for a trip of this nature is regular hiking in hill or back country, particularly involving sections of steep terrain. If this is not possible because of where you live, we would suggest that you adopt a weekly exercise regime, gradually increasing your working time as you head towards departure. Previous experience of walking in crampons is useful if you have the opportunity although instruction in all necessary techniques for the climb will be given at Base Camp.

## Climate

During July and August the temperature in Delhi will be hot (35°C or even a few degrees above this). It will also be humid. On the high plateau of Ladakh, the air will be much drier but temperatures in the noon-day sun can still reach the high 20s while trekking in the Indus Valley and around 15°C at Kang Yatse 2 Base Camp. We may encounter night-time temperatures at this camp as low as -10°C. At the time of our last departure of the year, September, temperatures in Delhi will have started to cool while on trek. A typical average daytime temperature will vary from mid to low 20s in the Indus Valley, to around 10°C or even lower up at Base Camp. Despite the lower ambient temperatures, it will still feel warm in the strong sun. Ladakh is not adversely affected by the monsoon and we can usually expect stable weather. However, mountains do generate their own weather systems and some rain or snowfall cannot be ruled out.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
