# Introduction

Born out of the Khmer Empire, which dominated much of the region 1000 years ago, the Kingdom of Cambodia is one of the most exciting of South-East Asian destinations. This leisurely cycle tour is simply the best way to explore the highlights of a country whose chief means of transport often seems to be the bike. Starting out in Siem Reap, we are provided with our bikes and set off to explore on backroads and village trails amongst the breathtaking temples of Angkor Wat.

We also have 2 days exploring the plateau and national park of Phnom Kulen, where we can cycle on a purpose-built trail and camp out at the high point of the reserve with far-reaching views. A boat trip on the great waterway of Tonle Sap then takes us to Battambang, set in a landscape of rice fields, palm trees and pretty riverside villages. Moving on via road and riverboat to Chi Phat on the edge of the Cardamom Mountains, we ride on jungle trails to the waterfalls of O'Malu and to the tribal village of O'Kay. Then, we cycle and transfer to the coastal town of Kampot, where there's time for some R&R, including a boat trip to an island in the Gulf of Thailand. A final city tour of Phnom Penh and a sunset cruise on the Mekong River is a great way to sign off on this unforgettable adventure. A leisurely mountain biking holiday, offering the chance to experience the very best of Cambodia.

## Is this holiday for you?

**ADVENTURE CYCLING.** Leisurely cycling on backroads and dirt trails between the temples and villages that we visit, this is our easiest biking holiday. We ride for an average of just 25 kilometres each day, with the emphasis on sightseeing. The more challenging days are at Phnom Kulen and in the foothills of the Cardamom Mountains, where we will encounter some slightly more rolling terrain and easy forest tracks. Clients finding any day to be difficult can take advantage of the support vehicle. Anyone who rides a bike occasionally will manage this holiday. Vehicle support is available for most of the route. Bikes (Trek 3700 with front suspension, V-brakes and Shimano components) are provided locally within the cost of the holiday.

## DAY 1

**Meet at the hotel in Siem Reap. A single group transfer from Siem Reap Airport is provided.**

Your holiday starts at the hotel in Siem Reap. A single group transfer from Siem Reap Airport is provided. The remainder of the day is free for catching up on sleep following the long flight, or for independent sightseeing. Siem Reap is located a few kilometres south of Angkor Wat and extends along the banks of the Siem Reap River. As the gateway to the Angkor complex, the town is a popular tourist destination, with colonial and Chinese style architecture in the old French Quarter and some colourful and bustling markets.

## DAY 2

**Ride to the main Angkor Watt complex and visit many of the best sites. Return to Siem Reap.**

After breakfast, you will pick up your bikes and the local guide will be on hand to make sure you get the right size. We then leave the hotel by bike for the world famous temples of Angkor, a source of national pride to all Khmers after years of horrific war and trauma. Bypassing the main tourist route we follow small dirt roads and narrow jungle paths which lead us to the stunning spectacle of Angkor Wat, the biggest of the Angkor temples and a UNESCO World Heritage Site since 1992. Angkor Wat is the largest Hindu temple complex and the largest religious monument in the world. Literally translated, Angkor Wat, means 'heaven on earth' and has become a national symbol of Cambodia. After lunch we cycle to a mystical temple complex in the middle of the jungle, overgrown by giant roots of the surrounding ficus trees, which has featured in the Tomb Raider and Indiana Jones movies. We will spend some time looking around this site and then, at sunset, we will climb the pyramid at Pre Rup. As the sun goes down, the majestic reddish hues of the temple are intensified and views of the surrounding rice fields of the Eastern Barray are quite stunning. We return to our hotel in Siem Reap.

### DAY 3

#### In the Phnom Kulen National Park. Overnight in a homestay at Anlong Thom.

Leaving our main baggage at the hotel, we will take just essentials with us for the next 2 nights. You should take a small travel bag or rucksack with you for this. The day starts with an hour's drive to the foot of the natural plateau of the Phnom Kulen National Park. Here, we saddle-up and set off cycling, at first through rice fields and then through the forest which cloaks the hillside leading up to the plateau. There is the option to stay in the minibus for the climb up to the plateau. After 13 kilometres, we reach the plateau and stop off at a waterfall and pool in the river. We have the chance to swim here, before sitting down to enjoy a riverside picnic lunch served on palm leaf mats and banana leaf bowls. We then continue on our bikes through the rainforest to a hidden temple with a giant reclining Buddha statue. The final 9 kilometres is on a little-used asphalt track to the village of Anlong Thom, where we meet our hosts for a night in a wooden stilt house homestay.

### DAY 4

#### In the Phnom Kulen National Park. Camp at the highest point of the plateau.

We spend today on the plateau of Phnom Kulen with just a short cycle ride and the option of a longer and more technical ride through the jungle via cashew nut plantations and overgrown temples (an additional 15 kilometres - 3 hours). Without this extension, today's ride takes us on forest tracks to the village of Sangkelak where there is a handicraft workshop (Kulen Crafts). We can see a blacksmith at work and try our hand at traditional rattan mat weaving here, as well as paying a visit to the local school. Then, after a picnic lunch, we continue our ride to the highest point of the plateau at an elevation of around 500 metres. There are far-reaching views of the plains below and this is a great place to spend the night. There are wooden bivouac platforms (or the option to sleep in a tent) with all bedding including mosquito nets provided.

## DAY 5

**Return to Siem Reap via the temples of Roluos.**

In the early morning, this is a great place to do some bird spotting and there are binoculars available for use. Then, after breakfast, we'll set off on our bikes, following easy trails to the edge of the plateau where we find a hermits cave with ancient Khmer inscriptions. At Wat Chas, a small monastery at the eastern edge of the plateau, we can look down to Svay Leu and the plains below. We descend to Ta Penh, meet our vehicle support and drive for an hour across the plains to the temples of Roluos. We will concentrate here on the special 'mountain temple' of Bakhong, built by King Indravarman in 881. It is the most remote of the temples and the least visited, but that make it perfect for us. There's lots to see here, including an active Buddhist monastery at one of the entrances. We will have lunch at a traditional Khmer house in the countryside. In the afternoon, we will cycle back through rice fields and villages to our hotel in Siem Reap.

## DAY 6

**Visit the royal town of Angkor Thom and the famous Bayon Temple. Evening of Khmer dancing.**

Cycling to Angkor Thom from our hotel, the spectacular sight of the faces of 54 demons and 54 gods makes for a jaw dropping entrance to this ancient capital. The major Khmer king, Jayavarman VII, built this huge facility in the late 12th to early 13th century, after driving enemy forces from his kingdom. A square wall with a side length of approximately 3 kilometres surrounds the holy city of Angkor Thom. We visit Bayon, the central temple of Angkor Thom. Bayon has several towers and its most impressive features are the stunning, metre-high, stone-carved faces of the Bodhisattva Avalokiteshvara. After a picnic lunch, we have the opportunity to visit the lesser known sites hidden in the forest on foot and by bike. The Phimeanakas Temple is reached by a short walk through the jungle and is a 3-tiered laterite pyramid. This temple is said to have been the home of a spirit who, each night, took the form of a beautiful woman and was visited by the Khmer Kings. At dinner, we will be entertained by traditional Khmer Apsara dancers. We spend our final night at the hotel in Siem Reap.

## DAY 7

## Short bike ride to Tonle Sap Lake, where we take a boat ride on the Sangkae River to Battambang.

After breakfast at the hotel, we have a short ride to Tonle Sap Lake, where we board the public speedboat which will take us on the Sangkae River to Battambang. The Tonle Sap (Khmer: Great Lake) is the largest lake in South-East Asia and one of the most productive inland waters of the earth. The inhabitants of the stilted floating villages on the Tonle Sap live mainly from fishing and growing vegetables in the same way that their families have for generations. These villages are primarily Khmer and have around 3000 inhabitants between them. Travelling by boat is a simple, yet rewarding way to gain an insight into the lifestyles of these Cambodian people, whose livelihoods are dependent on the lake and river. Depending on water levels, our journey takes between 6 and 8 hours. During particularly dry conditions it may be necessary to make part of this transfer by road. There will be the opportunity to stretch our legs during the journey. Overnight at a hotel in Battambang.

### DAY 8

## Cycle to the temple of Wat Ek. Drive to the lively city of Kampong Chhnang.

After breakfast, we cycle through traditional riverside villages and across a scenic landscape, to the 11th century temple of Wat Ek (10 kilometres north-west of Battambang) which is a popular pilgrimage and picnic site for Khmers. After lunch, we leave Battambang province and drive along the Tonle Sap to the easy-going town of Kampong Chhnang. Literally translated, Kampong Chhnang means 'Clay Pot Port' and it is famous for its distinctive pottery. Kampong province was important during the French period for the production of rubber. In the late afternoon, we stroll by the river port, with its floating houses and numerous fishing boats and can get a real feel for traditional Cambodia. Dinner at a local restaurant and overnight at a hotel in Kampong Chhnang.

### DAY 9

## Khmer village cycle ride. Then drive and boat ride to Chi Phat in the Cardamom Mountains.

We have a pleasant ride this morning from Kampong Chhnang, through paddy fields and plantations fringed with palm trees. Small villages along the way produce attractive pottery and we have chance to

stop and peruse their wares. In the afternoon, we leave the Kampong province and transfer (4 hours) to Andoung Teuk where we board a traditional wooden boat for the 2-hour journey into the Cardamom Mountains. Arriving at Chi Phat, we can do some exploring in and around the village and the local community project and meet the local people. We overnight at a local community project homestay in Chi Phat.

## DAY 10

### Cycle on the dirt tracks of the Cardamom Mountains. Overnight with host families in Chi Phat.

Located in the southern Cardamom Mountains, Chi Phat is at the heart of South-East Asia's largest remaining tract of rainforest. Whilst poachers and loggers used to operate in this area, the establishment of the Wildlife Alliance in 2002 effectively put a stop on their activities. A large community-based ecotourism project was set up in this area to promote reforestation and to encourage the wildlife to return to the region. The people of Chi Phat are directly involved and the village benefits from this involvement. Cycling on hidden trails through the jungle, there is a lot of up and down and some sections where we will have to push our bikes. We also have the chance to swim in the clear waters of an idyllic natural pool below O'Malu Waterfall. We will also visit the Village of O'Kay, set amongst lush rainforest and banana plantations, where elephants often feed. We spend a second night at the homestay in Chi Phat.

## DAY 11

### Cycle to Andoung Teuk and transfer to Kampot.

Cycling on a dirt road, we return to Andoung Teuk, where we meet our transport for the 3 to 4-hour drive to the old colonial town of Kampot. Located on the Teuk Chhou River, 5 kilometres inland from the sea, Kampot is renowned for the quality of its fruit (durian, coconut, mango, etc.), its sea salt and for the famous Kampot pepper which is sought-after by gourmets worldwide. Fishing and farming are the main activities. On arrival we can take a small tour of the town, as well as taking a boat ride on the river, with the option to try kayaking on the quiet waters of the 'green loop' meander, surrounded by lush vegetation. Kampot is a sleepy coastal town with an interesting 'French quarter' which lies along the river promenade. Overnight in a bungalow beside the Kampot River.

**DAY 12****Cycle to Kep and take a boat trip out to Koh Tongsay.**

After breakfast, we cycle along the coast and across salt flats to Kep, stopping off en-route to visit a pepper farm where we can learn about the production of this important spice. Continuing our ride to Kep, we find a fusion of faded French Indo-China and a real seaside atmosphere, set beside a tropical sea. From the 1930's right up until the Khmer Rouge period, Kep was a popular place for wealthy travellers and a stroll along its promenade is testament to its rather 'swisher' past. From Kep, we take a 30-minute boat ride to Koh Tongsay or Rabbit Island, (locals say it resembles a rabbit). The main beach on the island is a 250 metre, palm fringed stretch and after our cycling adventures in Cambodia we have definitely earned the right for some R&R! In the evening, we return to our bungalow accommodation at Kampot.

**DAY 13****Transfer to Phnom Penh. Historical city tour, including the lively Russian and French markets.**

After breakfast, we drive back across country (4 hours) to the country's capital, Phnom Penh. Rising from its troubled past, Phnom Penh is very much on the 'up', alive and a real feast for the senses in every respect. Situated beside the Tonle Sap River, the waterfront is crowded with Cambodians every evening and this provides an excellent way of 'getting in amongst it' and immersing ourselves in the local culture. Our city tour will include the distinctive structure of the Royal Palace and a visit to the Silver Pagoda and National Museum. Alternatively, the Russian and French markets can be an option for those keen to practice their haggling skills! At sunset, we take a boat ride on the Mekong. The chocolate-coloured waters of the Tonle Sap and the Mekong are the real lifeblood of the city and from the river we can admire the Phnom Penh skyline and its Royal Palace, as the sun goes down. Overnight at a hotel in Phnom Penh.

- Travel insurance
- Some meals as per the Meal Plan
- Cycling helmet (bring your own)
- Tips
- Visa
- Temple fees
- Miscellaneous personal expenses
- Bike Carriage on the flights - please check with your carrier for charges

## Joining Arrangements & Transfers

The group will meet at the hotel in Siem Reap.

A single transfer from Siem Reap Airport is provided on Day 1 of the Land Only itinerary.

On the last day of the Land Only itinerary, there will be a single transfer from the hotel in Phnom Penh to Phnom Penh Airport.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Hotel contact details and an emergency number will be provided with your booking confirmation.

## Meal Plan

All meals are included except one dinner in Siem Reap (Day 6) and lunch and dinner in Phnom Penh on the penultimate day of the Land Only itinerary.

## Food & Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Wherever we travel in Cambodia, we will find a wide variety of cuisine is available including French, Italian, Indian, Chinese, Thai, and Vietnamese. In smaller towns and villages, local food such as 'charcoal chicken', 'sticky rice' and 'fried fish' will commonly be offered. Cambodian food tends not to be as hot or spicy as Thai. The most popular fast food in Cambodia, often served from street stalls, is the Chinese noodle soup or 'pho'.

## Accommodation

There are 4 nights at a hotel in Siem Reap, 1 night in Battambang, 1 night in Kampong Chhnang and 1 night in Phnom Penh. There is one night in a homestay and one night camping in the Phnom Kulen National Park, 2 nights in a homestay (or simple guesthouse) at the village of Chi Phat and 2 nights in bungalow accommodation on the Kampot River.

## Group Leader & Support Staff

An English-speaking locally-based biking leader will accompany the group. There will also be a support vehicle and driver.

## Spending Money

We suggest that \$250 - \$300 should be sufficient to cover your personal and incidental expenses including the 2 non-included meals (lunch and dinner) when in Phnom Penh, as well as the cost of your Cambodian Visa (\$20) which you will pay for on arrival at Siem Reap Airport. This amount will also allow you to pay reasonable tips to your local guide, drivers and other local staff (allow approximately \$70). And, should also cover refreshments, optional tours and other miscellaneous expenses. Temple Fees. Please note that you will need to pay these fees locally and will need to budget accordingly. These fees total approximately \$100 (June 2023). We recommend that you carry your travel money in the form of US dollars cash as this is most easily exchanged. If you are intending to buy expensive souvenirs or considerable quantities of soft drinks or beer, you should budget accordingly. You can withdraw cash from ATM's (using a debit or credit card) in Siem Reap and in Phnom Penh.

## Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guide and other local staff. They do not form part of their wages. KE always pays local crews the best rates of pay, no matter what country they are in and any tips they receive are seen as a personal thank you from group members. We advise our local teams that tips are a bonus and entirely dependent on the service that they provide. We suggest that you allow a total of \$50 (per group member) for tipping your local staff.

## Bike Hire

Bikes are provided locally within the cost of the holiday. Our agent in Cambodia provides Trek 3700 (or similar) bikes with front suspension, V-brakes and Shimano components which come in a full range of sizes. The bikes are well-maintained and in good condition. They are fitted with flat pedals. Please provide us with your height when you book, so we can make sure that a bike of the appropriate size is made available to you. Bike helmets are provided with the bikes, but you might choose to take your own.

## Vehicle Support

This is a leisurely biking holiday and we rarely cover more than 10 or 15 kilometres, before stopping to look around at one or other of Cambodia's tourist sites. We do, however, have a support vehicle which will follow the group at a discreet distance, carrying water and the group's day-packs, as well as service items and repair kits for the bikes. Anyone who chooses not to ride a section of the itinerary can take a ride in the support vehicle instead.

## Baggage Allowance

We recommend that you travel with one main item of luggage, such as a KE Trek Bag or similar holdall, as well as a small day pack or mountain bike-specific hydration pack. The day pack can be used to carry valuable items such as cameras and GPS devices whilst travelling and will also carry your day-ride essentials during the rides. Take a small, additional travel bag or rucksack to allow you to take only essential overnight items for the two nights spent on the Phnom Kulen Plateau.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

# General Information

---

## Passport & Visas

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents and visas for your holiday.** Please ensure that you check for the latest advice before travel.

## Visa Cambodia

UK and USA passport holders do require a visa. The visa fee is \$30 and we recommend that you pick up your visa on arrival at the international airport or at the land border if crossing into Cambodia from Vietnam. Payment must be made in cash (good condition USD), your passport must have 6 months remaining validity and you need 2 passport photographs.

## **e-ARRIVAL REGISTRATION - PRE-DEPARTURE - IMPORTANT**

The Cambodian authorities now require travellers to go through this e-Arrival procedure **within 7 days** of the arrival in Cambodia.

Download the official E-arrival app: <https://arrival.gov.kh/>

Enter your personal information and travel details.

Receive a confirmation email with a QR code.

Show the QR code to the immigration officer upon arrival.

-----

You can also apply for an e-visa prior to departure online at <https://www.evisa.gov.kh/>.

This e-visa may not be valid if crossing into Cambodia at a land border.

**We do keep our information up to date but be advised that visa requirements are subject to change. It is recommended that you contact the relevant commission in case of recent alterations.**

## Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Dengue fever is a known risk in places visited. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you [take precautions to avoid mosquito bites](#).

## VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. Malarial prophylaxis are required. On holidays to more remote areas you should also have a dentist check up. A good online resource is [Travel Health Pro](#).

## Currency

The unit of currency in Cambodia is the Riel.

## Preparing for your Holiday

The better conditioned you are the more you will enjoy your trip. We suggest that you adopt a sensible weekly exercise regime and fit in a number of long cycle rides in hilly country to ensure you are physically capable of taking part in this trip - this will also provide you with an opportunity to make sure all your riding kit is tried and tested before you travel. Cycling is obviously the best activity to prepare for this trip. However, running, squash and swimming are also good for developing aerobic fitness and stamina.

## Climate

Cambodia has a tropical climate, with a rainy season from June to September. The hottest months are just before the monsoon, in April and May. From October through to April there is little rain and from December through to March is the 'cool' season although it rarely gets cold. Daytime temperatures will hover around a humid 30 degrees centigrade, falling to the low 20's at night.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Books

- Cambodia. Lonely Planet
- Laos and Cambodia. Insight Guides
- Angkor. Odyssey Books
- Travels in Siam, Cambodia & Laos (Henry Mouhot)
- Angkor ; An Introduction to the Temples (D. Rooney)
- A Guide to the Angkor Monuments (Maurice Glaize)

## Maps

### Reise-Know-How Verlag. Cambodia. 1:500,000

Indexed, waterproof and tear-resistant road map of Cambodia with topographic and tourist information, including street plans of central Phnom Penh and Siem Reap, plus an enlargement for the Angkor area.

## Private Groups Information

### Make this KE cycling holiday your own!

- Do our normal group departure dates not fit?
- Are you wanting to travel with just your friends or family?
- Are you looking to organise a trip for your local cycling club?

We are experts in creating holidays for groups of friends, families, charities, and cycling clubs. Our personal service means you'll be fully involved as we make the arrangements for your perfect adventure holiday.

### Independence with Security

Travelling as a KE Private Group allows you more flexibility and choice, but still with the peace of mind that everything is pre-planned and arranged for your group by a reputable adventure travel company.

To take your first step to an amazing adventure with your friends and family complete the private group enquiry form, or call our **Sales Experts on: 017687 73966**

### Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

### Explore International

This holiday is part of our Explore International range. Participants on these trips can book through KE or through one of our international partners. This helps us to gather together sufficient numbers of like-minded adventurers to get your holiday up and running quickly. Led by an English-speaking guide, the cosmopolitan nature of these groups can be an important part of the experience!

## Equipment Information

### Equipment List

For this holiday you will need normal cycling clothing, including suitable shoes, cycling gloves and a helmet (which must be worn at all times when cycling).

## Dress Code at Angkor Wat

In July 2016, a new Code of Conduct was introduced for all temple visits in Cambodia. The key elements of the new Dress Code that we have to adhere to is that shoulders should be covered and shorts or skirts should reach below the knees. If you don't have suitable below knee-length cycling shorts, take a pair of loose, lightweight trousers to wear over you cycling shorts when visiting temples.

## Bike Gear

- Cycling helmet
  
- Trainers or stiff-soled cycling shoes
  
- Daypack or mountain bike-specific hydration pack (e.g. Camelbak)
  - Water bladder - min. 2 litres water capacity (we encourage re-filling water bottles rather than single use plastic)
  
- Water purification tablets
  
- Padded (baggy) cycling shorts
  
- Base-layer - short sleeve cycling tops
  
- Mid-layer - long sleeved cycling tops
  
- Fleece jacket or jumper
  
- Lightweight waterproof jacket
  
- Regular biking gloves
  
- Sunglasses
  
- Sun cream (inc. total bloc for lips/nose)
  
- Camera

## Other Stuff

- Travel and off-the-bike clothing and footwear
- Lightweight, loose-fitting clothing - see note above - to cover up during temple visits
- Wash bag, towel, toiletries, including anti-bacterial handwash
- Sheet sleeping bag for use at the homestay
- Swimwear
- Basic First Aid kit and personal medication

## Tools and spares

You do not need to take any tools or spares. The local guide will take care of any and all issues.

Please contact us if you have any questions about your equipment.

## Cotswold Outdoor

Many of the equipment items listed above are available from [Cotswold Outdoor](#) - our '**Official Recommended Outdoor Retailer**'. When you book a holiday with KE you will receive a 12.5% discount with Cotswold Outdoor, Snow+Rock and Runners Need. The discount code can be downloaded from your MyKE account and you can use this code at the checkout, either in store or online.

## Land Only Information

Please refer to the 'Joining Arrangements & Transfers' within Holiday Information for further details.

Flights and other transport to your destination should not be booked until you have received your booking confirmation and the departure is showing 'Guaranteed to Run' or 'Limited'.

## Land Only Information

The LAND ONLY dates and prices are for the itinerary starting at the hotel in Siem Reap. A single group transfer is included from Siem Reap Airport. The holidays ends in Phnom Penh and a single group transfer to Phnom Penh Airport is included.

## Flight Inclusive Information

Limited seats are available at the advertised flight price, please book as early as you can. If we are unable to secure seats at the price shown, or you have requested regional departures and/or upgrades, we will provide you with an alternative quote. It is likely that flight payment will be in advance of your final holiday balance. Booking a flight inclusive package means you will benefit from full financial protection, eases your holiday planning, and leaves us to deal with airlines and schedule changes. If you book flights through KE Adventure Travel we will [offset the carbon of your flight](#).

Regional departures and/or alternative carriers are available on request.

## Flight Inclusive Information

The FLIGHT INCLUSIVE dates and prices are based on UK flights from London (Heathrow) to Siem Reap and back from Phnom Penh. Outbound flights will depart from the UK in the late morning, arriving mid morning on the following day (Day 1 of the Land Only itinerary). Return flights will depart from Phnom Penh in the afternoon of the last day of the Land Only itinerary, arriving in the UK in the early morning of the following day.
