# Introduction

At the southern tip of India, the states of Kerala and Tamil Nadu offer a range of experiences unlike anything else on the Subcontinent. After a day's exploration in the picturesque old Portuguese port of Kochi, we drive up to former British Raj hill-station of Munnar in the Western Ghats. Here, 4 days of trekking through the Cardamom Hills takes us through rich forest and plantations of tea, coffee and spices, with a high point at the summit of Meesapulimala (2600m), Kerala's second highest peak. We then visit the unmissable Sri Meenakshi temple complex at Madurai, one of the most colourful examples of Indian religious architecture. At the Periyar Wildlife Reserve, home to wild elephant, deer, giant squirrel and the elusive tiger, we have a day-hike with a forest ranger, before recrossing the Western Ghats range to Alleppey, where we meet our houseboat for an unforgettable sunset cruise and overnight stay on the Keralan backwaters. A free day at Kovalam, beside the Indian Ocean, is a relaxing way to end this memorable holiday. Combining a great travel experience and 5 days of trekking, this is a deservedly popular South Indian adventure holiday.

## Is this holiday for you?

This holiday involves a mix of sightseeing and walking. The trek through the Cardamom Hills begins with a short introductory walk around the tea estates at Munnar and then involves 4 days where we will be walking for an average of 6 hours each day. The altitudes attained are never sufficiently high to cause problems with acclimatisation and the underfoot conditions are generally good, on tracks and trails through tea plantations and forest and between villages. There are 4 nights camping during the trek. We may encounter some slippery conditions on forest trails. The trip also includes several relatively short (up to 4-hour) vehicle transfers and one longer (5 hour) journey to visit the Menakshi Temple in the city of Madurai. Journey times are dependent on traffic conditions and these transfers are generally on good roads.

# Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

## Delhi Sightseeing Tour - Full day

Old Delhi is centred on the Red Fort and is a labyrinth of narrow, bustling streets including Chandni Chowk bazaar. Must-sees here include the Red Fort, built by Emperor Shah Jahan; Hummayan's Tomb, constructed in similar style to the Taj Mahal and the towering Qutab Minar minaret. New Delhi was the creation of the British Raj who wanted to show their ascendancy over the former Mogul rulers with many grand buildings designed by the greatest ever British architect, Sir Edwin Lutyens. Exploring this area by vehicle will give a glimpse of this interesting aspect of India.

Hotel contact details and an emergency number will be provided with your booking confirmation.

## Meal Plan

All meals are included in the trip price from breakfast on Day 1 of the Land Only itinerary to dinner on Day 12.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Food & Water

It is not recommended to drink untreated water from the taps. You should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water. We do not encourage the purchasing of single use plastic bottles.

The food in Kerala is terrific. Rice, vegetables, fruit, seafood and a range of delicious spices are the main staples of Keralan cuisine, traditionally served on a banana leaf. Whilst at hotels, we will have the opportunity to try the local fare, although other options with a more western flavour will usually be available also. Our night on the houseboat will provide an excellent opportunity to sample Keralan food at its best. The food served during the trek is a mixture of local and western dishes, purchased locally and cooked for us by highly trained trek cooks. The emphasis is on providing a high-carbohydrate and largely vegetarian diet. All meals while on trek and also while staying in hotels are included in the trip price.

## Accommodation

Throughout the trip, when staying in hotels and lodges, we will use a good standard of tourist class accommodation, with twin rooms. In addition to the 7 nights that we spend in hotels and lodges, there will be a single night in a houseboat or 'kettuvallom' on the Kerala backwaters. The boats we use have fully furnished twin-bedded rooms, as well as a balcony, sundeck and toilet and shower facilities. During our 4 nights camping, we will use spacious 2-person tents and the group will also have the use of a mess tent for dining and socialising. All accommodation is allocated on a twin sharing basis. If you are travelling by yourself you will be paired up with another single client of the same sex.

## Group Leader & Support Staff

The group will be led by an experienced English-speaking Indian tour leader. There will be a support vehicle and driver throughout the trip. There will be additional 4WD support vehicles and drivers during the trek, together with a full trek crew for the 4 nights when the group is camping.

## Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

## Spending Money

Approximately £200 (or equivalent in euros, US dollars etc.) changed into local currency (Indian rupees), should be allowed for miscellaneous expenses, including tips for your trek crew, driver and guide, beer and soft drinks, etc. If you are intending to buy expensive souvenirs, you should budget accordingly (credit cards can be useful in this respect). We recommend that you carry your travel money in the form of currency, since you will exchange the majority of this on the day of your arrival in India, either at Kochi Airport or in the city. Sterling and US dollars are equally acceptable for exchange. It is possible to withdraw cash (rupees only) from cash machines in Kochi using credit or debit cards.

## Guidance on Tipping

Tipping is an accepted and expected part of Indian culture, although you should only tip for services which are well done. Your tour guide will help to coordinate these payments and he will choose an appropriate time for the group to get together to pay the trek crew including the trekking guide and the drivers. We recommend that each group member contributes around £80 (in rupees) to these tips - although the amount you give is entirely up to you. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday. Your guide might also ask you for a few rupees from time to time to pay tips to a sightseeing guide or a Forest Service employee who is with the group for just a short time. It is also a good idea if the group asks the local guide to look after the day to day tipping of hotel staff. This will do away with the need for you to be finding small numbers of rupees on a daily basis. The group will then reimburse the guide on account of these miscellaneous tips at the end of the trip.

## Baggage Allowance

For this holiday you should take one piece of luggage and a small daysack only. There is no weight limit other than that set by your international airline but we recommend that your bag should weigh no more than about 15 kgs. Your baggage will be carried by the support vehicles throughout your time in India.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

## Passport & Visas

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates** (see *Health & Vaccinations below*), **and visas for your holiday**. Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

### Visa India

Most nationalities, including travellers from the UK, the USA and many European countries can apply for their Indian Visa online through the **E-Visa Application** process. You must make your application at least four days prior to departure. Please download the detailed information document for details of how to apply for your visa: [Visa India PDF](#)

NB. The application process can be temperamental and we suggest you try a different browser (Firefox is known to work) if your application does not at first go through.

### e-Arrival Card - Important

Separately and additionally, foreign nationals must now complete an e-arrival card to present at immigration on arrival in India along with their e-Visa. This digital form replaces the paper disembarkation card (which will continue to be available on your flight or on arrival until March 2026). The digital e-Arrival form is found here <https://indianvisaonline.gov.in/earrival/> It should be completed **within the 3 days prior to your arrival in India**.

### Sikkim

If you are joining one of our Sikkim Beneath Kangchenjunga (SIK) groups, we will ask you to complete a Sikkim Permit form approximately 20 days before you travel. You will need your Indian Visa details for this form. A 30-day E-Tourist Visa can be applied for within 30 days of travel and will usually be processed within a couple of days. As an alternative you can apply for a 1-Year E-Tourist Visa within 180 days of travel. **DO NOT MENTION SIKKIM** in 'Places to be visited' when you make your application.

## Health & Vaccinations

### Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. On holidays to more remote areas you should also have a dentist check up. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. In addition you should check whether any specific vaccinations are needed to the regions that you are travelling to. A good online resource is [Travel Health Pro](#).

### Malaria

Malarial prophylaxis is not usually required for trips in the mountains, however if you are visiting rural and remote low lying areas then they might be necessary.

### Dengue Fever

Dengue fever is a known risk in places visited. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you [take precautions to avoid mosquito bites](#).

### Zika Virus

Zika virus has been confirmed as active in this country. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you take the usual precautions to avoid mosquito bites. The mosquitoes that transmit ZIKV are unlikely to be found above 2,000m altitude. For more information, visit the website of the National Travel Network and Centre (NaTHNaC) at <https://travelhealthpro.org.uk>.

### Severe Allergies

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

### Currency

The currency of India is the Indian Rupee.

## Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking trip getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. For this trip you need to be aerobically fit and also comfortable with walking up to 6 hours on some days. We would suggest that you adopt a weekly exercise regime leading up to your trip. Regular hiking in hill country is the best training but jogging, squash and swimming are also good for developing cardio vascular fitness and stamina. Before departure, we suggest that you try to fit in a number of walks in hilly country.

## Climate

The most important influence on the annual climate of the south Indian states of Kerala and Tamil Nadu is the monsoon, which brings a great deal of rain during the period from May to October. In November, the tail end of the monsoon can cause short-lived rainstorms. At the time of any of our departures, we will experience maximum daytime temperatures at sea level of between 25 and 30 degrees centigrade, falling to around 20 degrees centigrade at night. It is, of course, cooler at higher elevations, with daytime maximum temperatures of between 15 and 20 degrees centigrade in Munnar. At our highest camps, night-time temperatures can fall close to freezing, especially at the time of our January departure. From November to March, conditions in the Cardamom Hills are pleasant for hiking, fresh during the day and with cool evenings.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation.
