Introduction

South of the Makalu Barun National Park and defined by two great rivers; the Arun to the east and the Dudh Kosi to the west, is a beautiful and unspoiled 'Middle Hills' region rarely visited by trekking groups. Starting out from the airstrip at Tumlingtar, this exciting trekking holiday will take us through a landscape dominated at lower levels by picturesque terraced farmland and by traditional villages home to a number of Nepal's ethnic groups.

Heading east to west, this is a linear trek, a logical journey across the grain of the country with lots of ascent and descent; the so-called 'Nepali undulation'. Higher up and for the majority of the trek we find ourselves amongst rugged ridge and valley scenery with far-reaching views to the snow-capped peaks of the Nepal Himalaya, including Kangchenjunga, Makalu and Mount Everest itself. We follow interconnected ridges, camp in remote forest clearings and trek by way of high passes to accessible viewpoints such as Ghyang Peak (3600m). We also have two nights camping close to the sacred lake of Salpa Pokhari and from here have the opportunity to hike to the top of Silichong Peak (4200m), arguable the best viewpoint in the region. Driving back to Kathmandu from Dhap, we have included a day to enjoy the special ambience of the Nepalese capital with its countless temples and shrines sacred to the Hindu and Buddhist religions. This is a perfect trekking holiday for those looking to experience the 'real Nepal' whether you are a first time or regular visitor to this most charming of Himalayan countries.

Is this holiday for you?

This is a trek at relatively low level which follows a mix of village trails and shepherds' tracks. We can expect to encounter sections of stepped track, as well as more rugged and potentially rocky trails on the several ridges that we traverse and on the optional ascent to the amazing viewpoint of Silichong Peak (4200m). There are 9 days of trekking, generally walking for around 8 to 10 kilometres each day, but with a couple of longer days and a couple of quite short days. There is a fair amount of ascent and descent. Generally, the walk is split either side of a leisurely lunch provided on the trail by your trek crew. The trek is also relatively continuous, but there are a couple of occasions when we will reach our next camp in time for a late lunch and will have free time in the afternoon. Since there are no lodges of a good standard in this region, this is a camping trek with a full Nepalese crew. Please note that this is camping in some style, where we provide spacious 2 person tents and thick foam mattresses to ensure you get a really good night's sleep. Also part of the camp set up is a dining tent (complete with table and chairs) where you will eat your meals and relax. The cook and his team have the use of a kitchen tent and there

will also be one (or more usually two) toilet tents. Your local crew will set up the camp each evening and take it down again in the morning.

Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

Chitwan Jungle Extension

The jungles of southern Nepal are an interesting counterpoint to trekking in the foothills or the high Himalaya. Tiger Tops Tharu Lodge provides a relaxing and comfortable base for a wildlife safari and cultural village experience. During two days of wildlife viewing in the Chitwan National Park 'buffer zone' - the interface area between visitors and the animals that live at Chitwan - you will be accompanied by expert guides on safaris by jeep by boat and on foot.

Kathmandu Tour - Nagarkot and Bhaktapur

The Kathmandu Valley contains the cities of Patan, Bhaktapur and Kathmandu itself, all of which were once independent kingdoms. An exploration of the valley's historic and cultural sights is an excellent way to begin or end your adventure in Nepal. Highlights of this tour includes a very early drive up to Nagarkot on the Kathmandu Valley rim, the perfect place to watch a Himalayan sunrise. This is followed by a tour of the UNESCO World Heritage Site of Bhaktapur, renowned for its temples and traditional buildings.

Meal Plan

All meals included in the holiday price from dinner on Day 1 to breakfast on Day 14.

Food & Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Our camping holidays in Nepal are accompanied by an experienced and well trained trek cook and his team of assistants. Breakfasts will include porridge or cereals and sometimes eggs, with tea, coffee and hot chocolate. Lunches are generally prepared on the trail and can include cooked or tinned vegetables, rice, chips, freshly made Tibetan bread, as well as tinned tuna, meats or cheese. On occasion this can be augmented by noodle soup. Dinners always start off with soup, followed by a locally inspired main course such as rice, dal and spicy vegetables, or a more international dish like pasta with a tomato sauce or pizza and chips. Dessert can be tinned fruit with custard or rice pudding or cake with custard. The emphasis is on providing a high-carbohydrate and largely vegetarian diet, which we have found to be easily digestible at high altitude. During this trek there will be very few opportunities to purchase snacks and drinks from simple shops and tea houses. All meals while on trek and also while staying at your Kathmandu hotel are included in the trip price.

Accommodation

During this holiday the group will spend 3 nights in Kathmandu at an excellent and centrally-located hotel such as the Shanker. There is also a single night at a simple lodge in Phaplu at the end of the trek. Whilst on trek there are 9 nights full-service camping. This is camping in some style, where we provide spacious 2 person tents (foam mattresses are also provided), a dining tent complete with table and chairs where you will eat your meals and relax, a kitchen tent in which the cook crew produce your meals and one (or more usually two) toilet tents. Your local crew will set up the camp each evening and take it down again in the morning. You will be served with a cup of `bed-tea` each morning and provided with a bowl of water with which to wash. Water for hand washing is also provided at each meal. On arrival into camp each afternoon hot drinks and snacks will be provided in the dining tent. All accommodation is arranged on a twin sharing basis. If you are travelling by yourself you will be paired up with another single client of the same sex. It is possible to hire a single tent while on trek for an additional cost. Please note single tent hire does not include single rooms in hotels. For the 3 nights in Kathmandu single room occupancy can be arranged at supplementary cost. Additional hotel nights in Kathmandu can also be pre-booked.

Internal flights

Access to the high and remote areas of the Himalaya where our treks start is often only possible using internal flights. The changeable nature of mountain weather makes flying conditions complex. In addition, the Civil Aviation Authority of Nepal does not operate to the same standards as those of western nations and all airlines in Nepal appear on the UK Air Safety List (ASL), and are banned from operating commercial air services to, from, and within the United Kingdom. Flying in Nepal is an acknowledged risk, and the UK Foreign and Commonwealth Office travel advice provides further details which you can read on their [website](#). KE is mindful of its duty of care to clients travelling with us in Nepal and we are stakeholders in an annual independent air audit of Nepal airlines undertaken by UK tour operators, most recently undertaken in February 2024. KE uses 5 airlines in Nepal which have been approved by this audit. These airlines are: Buddha Air, Summit Airlines, Shree, Tara and Yeti. We continue to cooperate with other tour operators to monitor aviation safety in Nepal and will ensure we remain a stakeholder in any further air safety audits. While we have taken appropriate action to try to minimise the risks of flying in Nepal, you should be aware that flying in mountainous terrain is not without any risk.

Please note that poor weather can cause delays on internal flights. If at the start of your holiday internal flights are cancelled for the day, you will spend an extra night near the airport (this may be at a hotel other than the group hotel). On the majority of trips there is enough flexibility in the trekking itinerary to make up 1 or possibly 2 lost days, but an alternative trek will be provided if delays to internal flights mean the original itinerary (or a shortened version of it) is no longer feasible.

For trips that end with an internal flight out of the mountains with no alternative road access, we have included 2 nights in Kathmandu as a contingency against delay. In the extremely unlikely event that a delay to your internal flight causes you to miss your homeward international flight, KE will re-book international flights for Flight Inclusive clients, but please be aware that clients booking on a Land Only basis will be responsible for re-booking their onward travel and for any associated costs. We advise you to take out suitable travel insurance and to keep your receipts, as you may subsequently be able to make a claim.

Group Leader & Support Staff

The group will be led by a professional and qualified Nepalese tour leader, assisted by an experienced team including Sherpa guides and porters.

Altitude

This holiday involves going to high altitude. During the course of your trip you will reach altitudes in excess of 3500 metres. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

Approximately £150 (or equivalent in US dollars, Euros etc.) changed into local currency, should be allowed for miscellaneous expenses including porter and trek crew tips, drinks etc. It is not necessary to obtain local currency prior to departure. Sterling, US Dollars and Euros are equally acceptable for exchange in Nepal. Please note: Scottish and Northern Ireland bank notes are not accepted in Nepal. We recommend that you carry your travel money in the form of cash, since you will exchange the majority of this on the day of your arrival in Kathmandu. If you prefer not to carry all of your spending money in cash, it is possible to withdraw money from ATMs in Kathmandu using your debit or credit card. During the trek there are few opportunities to purchase anything.

Guidance on Tipping

Tipping is the accepted way of saying thank you for good service. Normally the tips are given at the end of the trek and this is best done as a group. Your Nepali tour leader will advise the group on an appropriate level of tipping. Most groups will hand out the tips with a bit of ceremony (or sometimes a party) on the last evening, to mark the end of the holiday. As a guide, we recommend that each group member contributes around £80 (in rupees) to these tips. At the end of their trek many people also like to donate various items of equipment to the porters and trek staff who work so hard to make the trip a success. Boots, gloves, hats, scarves and even socks are always warmly received by the porters, whilst technical clothing and equipment such as head-torches and trekking poles is highly prized by the Sherpa team. Your tour leader will make arrangements for a fair distribution (possibly by raffle) amongst the trek crew. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

Your main item of luggage should be a sturdy kit bag, duffle bag or similar. This will be carried during the trek by porters or pack animals and must weigh no more than 15kg. If you are picking up a sleeping bag and down jacket from KE in Kathmandu, you need to factor in the weight of these items (around 3kg) and allow space in your bag for them. You should also take on your holiday a daypack of approximately 30 litres capacity. For all flights to and from STOL airstrips in Nepal the maximum allowance for hold baggage AND hand baggage combined is 15kg and you should make every effort to keep to this total weight. It is usually not a problem to check in a couple of kg more than this, but you may be required to pay a small excess luggage charge. It is possible to leave items not required on trek at the hotel in Kathmandu. For your international flights, please check the baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Visa Nepal

All nationalities require a visa. The visa process is partly automated and the fee is \$30 for 15 days, \$50 for 30 days, \$125 for 90 days. The visa is FREE for children under 10 years. The visa allows multiple re-entry. Payment must be made in cash and USD, GBP or Euros are accepted.

Part of this on-arrival visa process involves filling in a 'Tourist Visa Application Form' and you can simplify the procedure at Kathmandu Airport by filling this form in online (**within 15 days of travelling**) at [this link](#). This generates a receipt which you present (hard copy or saved on your phone) on arrival. This should allow you to go straight to the cashier to pay for your visa and has the potential to save you time in the visa queue.

Whilst these are not now needed for the visa process, we recommend that you travel with at least 2 spare passport photographs.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid.

Malarial prophylaxis is not usually required for trips in the mountains, however if you are visiting rural and remote low lying areas then they might be necessary.

On holidays to more remote areas you should also have a dentist check up. A good online resource is [Travel Health Pro](#).

Currency

The unit of currency in Nepal is the Nepalese Rupee.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking or climbing trip getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. For this trip you need to be aerobically fit and also comfortable with walking for around 5 to 6 hours each day. We would suggest that you adopt a weekly exercise regime. Regular walking in hill country is the best preparation for a trip of this nature, but running, cycling and swimming are also good for developing better stamina. Whatever your chosen method of training, before departure, we suggest that you try to fit in a number of long walks in hilly country.

Climate

March to May and October to December are the best seasons to visit Nepal. These months either side of the monsoon are neither too hot nor too cold, offering the best conditions for trekking. At either of these periods you will encounter a wide range of daytime temperatures during your trip, from approximately 25°C in Kathmandu to around 12°C at 3500 metres. The 'real feel' temperature in the middle of the day will be much warmer than this in the sun. At night in the rarefied air the temperatures plummet. You can expect to experience overnight temperatures at 3000 metres as low as 0°C. Extended periods of rain or snow are very unlikely outside of the monsoon period but short lived storms can and do occur.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
