Introduction

This superb lodge-based trekking holiday makes a complete high-level circuit of the Khumbu and crosses 3 major passes to link the valleys of Thame, Gokyo, Khumbu and Imja Khola. From Namche Bazaar, we follow the course of the Bhote Khosi towards Tibet, before turning eastwards to cross the spectacular Renjo La (5340m). We then spend 2 nights in the Gokyo Valley with a free day to trek up-valley to the 'Fifth Lake' and the option to hike to the top of Gokyo Ri. Crossing the Ngozumpa Glacier, we then hike up and over the Cho La (5420m) to reach Everest Basecamp and the dramatic viewpoint summit of Kala Patar (5550m).

Our walk out takes us by way of the Kongma La (5535m) before joining the Everest Trail and continuing to descend via the villages of Dingboche and Pangboche and the monastery of Tengboche. Running this circuit of the main passes of Khumbu in a clockwise direction means we can build up our acclimatisation on uncrowded trails and in the unspoiled valley of the Bhote Kosi, leaving Everest Basecamp as the climax of the trip and also means we spend a minimum amount of time on the popular Everest Trail. For experienced trekkers who want to visit Everest Basecamp but wish to avoid the crowds and experience authentic Sherpa culture, this holiday really does have it all.

Is this holiday for you?

The majority of the time on this holiday you will be walking on good paths and yak trails, providing straightforward walking conditions. Climbing to cross the three principal passes on the circuit offers more difficult trekking conditions, mainly due to the relatively high altitudes. Crossing these passes will involve negotiating slopes of loose rock and scree. In addition the Cho La pass is glaciated and often snow covered. The optional walk-up peaks and viewpoints and the trek to Everest Basecamp require no technical equipment or experience but each presents a challenging climb at altitude. In order to provide a comprehensive tour of the Khumbu, the trekking programme is necessarily ambitious and the high grade of the holiday reflects this. If the optional walk-up peaks and excursion to basecamp are not included (taken as rest days) this trip will be one or two grade points easier. This holiday should be within the capabilities of fit and active hill-walkers who have put in some extra training leading up to the trek. It should be noted that trekking at altitudes up to and over 5000 metres is always strenuous.

Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

Chitwan Jungle Extension

The jungles of southern Nepal are an interesting counterpoint to trekking in the foothills or the high Himalaya. Tiger Tops Tharu Lodge provides a relaxing and comfortable base for a wildlife safari and cultural village experience. During two days of wildlife viewing in the Chitwan National Park 'buffer zone' - the interface area between visitors and the animals that live at Chitwan - you will be accompanied by expert guides on safaris by jeep by boat and on foot.

Kathmandu Tour - Nagarkot and Bhaktapur

The Kathmandu Valley contains the cities of Patan, Bhaktapur and Kathmandu itself, all of which were once independent kingdoms. An exploration of the valley's historic and cultural sights is an excellent way to begin or end your adventure in Nepal. Highlights of this tour includes a very early drive up to Nagarkot on the Kathmandu Valley rim, the perfect place to watch a Himalayan sunrise. This is followed by a tour of the UNESCO World Heritage Site of Bhaktapur, renowned for its temples and traditional buildings.

- Miscellaneous expenses - drinks and souvenirs etc.

Joining Arrangements & Transfers

The group will meet at the hotel in Kathmandu.

Transfers are provided from/to Kathmandu Airport for all clients arriving on Day 1 of the Land Only itinerary and departing on the last day of the Land Only itinerary.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals are included from dinner on Day 1 to breakfast on Day 22 of the Land Only itinerary. While staying in Kathmandu meals will be taken in the hotel or at a local restaurant. On trek the group will take their meals at lodges. Normally this will be a set meal for the whole group. Boiled or purified water is available at all the lodges we stay at. Bottled water is also available to purchase (at additional cost) but we do not recommend this on grounds of environmental care.

Food & Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

The food served during the trek is a mixture of local and international cuisine, cooked by our highly trained trek cooks. The emphasis is on providing a high-carbohydrate and largely vegetarian diet, which we have found to be easily digestible at high altitude. All meals while on trek and in Kathmandu are included in the trip price.

Accommodation

In Kathmandu we use a range of excellent hotels including the new and very comfortable 4 star Aloft Hotel. Located in the heart of the city, this hotel offers a range of first-class facilities including fast and free WiFi and a spa and fitness centre. Whilst on trek there are 18 nights in lodges. Accommodation is generally arranged on a twin sharing basis and if you are travelling by yourself you will usually be paired up with someone of the same sex. Please note that at one or two of the higher lodges we may be forced to use multi-bedded rooms. Nepalese trekking lodges are simple, friendly and atmospheric. They generally have heated dining areas which are often attractively decorated. Bedrooms are, however, basic and unheated with wooden beds and foam mattress. You will need a sleeping bag. The lodges have shared washing and toilet facilities. Some lodges have solar powered showers (charged at \$4 - \$5 per shower) and battery charging facilities (also charged at a rate per hour). Staying at the lodges is a great way to meet fellow hikers and the locals. For the hotel nights in Kathmandu single rooms are available at supplementary cost. It is not possible to arrange single accommodation in lodges. Additional hotel nights in Kathmandu can also be pre-booked.

Internal flights

Access to the high and remote areas of the Himalaya where our treks start is often only possible using internal flights. The changeable nature of mountain weather makes flying conditions complex. In addition, the Civil Aviation Authority of Nepal does not operate to the same standards as those of western nations and all airlines in Nepal appear on the UK Air Safety List (ASL), and are banned from operating commercial air services to, from, and within the United Kingdom. Flying in Nepal is an acknowledged risk, and the UK Foreign and Commonwealth Office travel advice provides further details which you can read on their [website](#). KE is mindful of its duty of care to clients travelling with us in Nepal and we are stakeholders in an annual independent air audit of Nepal airlines undertaken by UK tour operators, most recently undertaken in February 2024. KE uses 5 airlines in Nepal which have been approved by this audit. These airlines are: Buddha Air, Summit Airlines, Shree, Tara and Yeti. We continue to cooperate with other tour operators to monitor aviation safety in Nepal and will ensure we remain a stakeholder in any further air safety audits. While we have taken appropriate action to try to minimise the risks of flying in Nepal, you should be aware that flying in mountainous terrain is not without any risk.

Please note that poor weather can cause delays on internal flights. If at the start of your holiday internal flights are cancelled for the day, you will spend an extra night near the airport (this may be at a hotel other than the group hotel). On the majority of trips there is enough flexibility in the trekking itinerary to make up 1 or possibly 2 lost days, but an alternative trek will be provided if delays to internal flights mean the original itinerary (or a shortened version of it) is no longer feasible.

For trips that end with an internal flight out of the mountains with no alternative road access, we have included 2 nights in Kathmandu as a contingency against delay. In the extremely unlikely event that a delay to your internal flight causes you to miss your homeward international flight, KE will re-book international flights for Flight Inclusive clients, but please be aware that clients booking on a Land Only basis will be responsible for re-booking their onward travel and for any associated costs. We advise you to take out suitable travel insurance and to keep your receipts, as you may subsequently be able to make a claim.

Group Leader & Support Staff

The group will be led by a professional and qualified Nepalese tour leader, assisted by an experienced team including Sherpa guides and porters.

Altitude

This holiday involves going to very high altitude. During the course of your trip you will be spending at least one night above 4000 metres and/or trekking to 5000 metres or above. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). Unless you have previous experience of trekking above 4000 metres you should consult one of our trekking experts before embarking on this holiday. On this trip we carry a portable altitude chamber (PAC-bag) and/or bottled oxygen for use in emergencies.

Spending Money

Approximately £250 to £300 (or equivalent in US dollars, Euros etc.) should be allowed for miscellaneous expenses including porter and trek crew tips, beer, soft drinks etc. It is not necessary to obtain local currency prior to departure. Sterling, US Dollars and Euros are equally acceptable for exchange in Nepal. Please note: Scottish and Northern Ireland bank notes are not accepted in Nepal. We recommend that you carry your travel money in the form of cash, since you will exchange the majority of this on the day of your arrival in Kathmandu. If you prefer not to carry all of your spending money in cash, it is possible to withdraw money from ATMs in Kathmandu using your debit or credit card. During the trek it is possible to buy snacks, chocolate, soft drinks and beer on most days. Please be aware that since everything has to be carried up, these items become more expensive as you gain altitude.

Guidance on Tipping

Tipping is the accepted way of saying thank you for good service. Normally the porters and any other trek staff are given their tips at the end of the trek and this is best done as a group. Your Nepali tour leader will advise the group on an appropriate level of tipping. Most groups will hand out the tips with a bit of ceremony (or sometimes a party) on the last evening, to mark the end of the holiday. As a guide, we recommend that each group member contributes around £100 (in rupees) to these tips. At the end of their trek many people also like to donate various items of equipment to the porters and trek staff who work so hard to make the trip a success. Boots, gloves, hats, scarves and even socks are always warmly received by the porters. Your tour leader will make arrangements for a fair distribution (possibly by raffle) amongst the trek crew. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

Your main item of luggage should be a sturdy kit bag, duffle bag or similar. This will be carried during the trek by porters or pack animals and must weigh no more than 15kg. If you are picking up a sleeping bag and down jacket from KE in Kathmandu, you need to factor in the weight of these items (around 3kg) and allow space in your bag for them. You should also take on your holiday a daypack of approximately 30 litres capacity. For all flights to and from STOL airstrips in Nepal the maximum allowance for hold baggage AND hand baggage combined is 15kg and you should make every effort to keep to this total weight. It is usually not a problem to check in a couple of kg more than this, but you may be required to pay a small excess luggage charge. It is possible to leave items not required on trek at the hotel in Kathmandu. For your international flights, please check the baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday.

Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

If you are travelling via India (Delhi or Calcutta) to your destination you may also require a visa for India. This may apply even if you are not leaving the airport unless your baggage has been checked all the way through to your destination. Generally, if you use the same carrier for both legs of your journey, you will not need an India Visa. Please download the detailed information document: [Visa PDF India](#).

Visa Nepal

All nationalities require a visa. The visa process is partly automated and the fee is \$30 for 15 days, \$50 for 30 days, \$125 for 90 days. The visa is FREE for children under 10 years. The visa allows multiple re-entry. Payment must be made in cash and USD, GBP or Euros are accepted.

Part of this on-arrival visa process involves filling in a 'Tourist Visa Application Form' and you can simplify the procedure at Kathmandu Airport by filling this form in online (**within 15 days of travelling**) at [this link](#). This generates a receipt which you present (hard copy or saved on your phone) on arrival. This should allow you to go straight to the cashier to pay for your visa and has the potential to save you time in the visa queue.

Whilst these are not now needed for the visa process, we recommend that you travel with at least 2 spare passport photographs.

TREKKING PERMITS - WHAT DO WE NEED FROM YOU ?

For treks in the Everest region - EBL, EVL, EHW, ELL - we need your passport details and we need you to take with you to Nepal 2 passport photographs. You will hand these over to your local leader on Day 1.

For treks in the Annapurna region - ASL, ACL, UAT, ANL and for the Gosainkund and Langtang Trek - GLT - we need your passport details and we need to send through to Nepal ahead of your departure a scan of a passport-style photograph of yourself. Please send this to us once your holiday is guaranteed.

For these Conservation Area treks and other treks requiring Special Permits - KAN, DLG, NAP - we need to send through to Nepal ahead of your departure a scan of a passport-style photograph of yourself and a scan of the information pages of your passport. Please send these to us once your holiday is guaranteed. On arrival in Kathmandu you will still be required to provide your passport (with your visa) for presentation at the Nepal Tourism Board. Your passport will be returned to you by your tour leader at dinner.

For those trips requiring Climbing Permits - MER, IPC, CTL, YAR - we need to send to Nepal ahead of your departure, a scan of a passport-style photograph of yourself and a scan of the information pages of

your passport. Please send these to us once your holiday is guaranteed. On arrival in Kathmandu, for YAR and for CTL, you will still be required to provide your passport (with your visa) for presentation at the Nepal Tourism Board. Your passport will be returned to you by your tour leader at dinner.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Dengue fever is a known risk in places visited. It is a tropical viral disease spread by daytime biting mosquitoes. There is currently no vaccine or prophylaxis available and therefore the best form of prevention is to avoid being bitten. We recommend you [take precautions to avoid mosquito bites](#).

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid.

Malarial prophylaxis is not usually required for trips in the mountains, however if you are visiting rural and remote low lying areas then they might be necessary.

On holidays to more remote areas you should also have a dentist check up. A good online resource is [Travel Health Pro](#).

Currency

The unit of currency in Nepal is the Nepalese Rupee.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. This is a challenging itinerary even for regular hill walkers and you will need to be in good condition. We suggest that you adopt a weekly exercise regime leading up to your trip. Regular weekend hiking in hill country is the ideal preparation for this trip but any regular exercise such as jogging, squash or swimming will also be good for developing cardio vascular fitness and stamina.

Climate

October through to May is the best time for trekking in Nepal. These months outside of the summer monsoon season offer the best conditions for trekking. Pre-monsoon from March to May is the main climbing season for Everest and at this time there will be many expeditions at the basecamp. This is also the time to see the colourful blooms of the rhododendron at lower elevations. The post-monsoon months usually offer the clearest skies and the most settled weather. You will encounter a wide range of daytime temperatures during your holiday. In October/November and April/May this will range from approximately 25C in Kathmandu to approximately 14C at 3000 metres, and approximately 3C at 5000m. From December to early April, temperatures will average around 5C lower than this but at any time of the year the real feel temperature in the middle of the day will be much warmer. At night in the rarefied air the temperatures plummet. You can expect to experience overnight temperatures below freezing once above approximately 4200m. (above 3000m from mid December) and at our highest overnight stops, outside temperatures may drop as low as minus 15C. Extended periods of rain or snow are very unlikely outside of the monsoon period but short-lived storms can and do occur.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Maps

Gokyo 1:50,000 Nepa Maps

These days the best trekking maps are published in Nepal. Nepa are one of the oldest established publishing houses in Kathmandu. This map covers the whole route from Lukla at a reasonable scale. Relief shading and spot heights give visual representation of the terrain and contours are drawn at 40m. intervals. Villages, monasteries, passes and peaks are indicated and latitude/longitude markings are shown. Note: All clients will be given a free trekking map in Kathmandu before the start of their trek.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

Equipment Information

Equipment List

The following checklist should help you with your packing. As a general rule, you should always try to keep the weight of your equipment to a minimum. The packed weight of your kit bag while trekking should be no more than 15 kgs.

You must bring the following items:

- Hiking boots(must be waterproof)
 - Gaiters
 - Trekking poles(see notes)
 - Trekking trousers
 - Waterproof overtrousers
 - Baselayer shirts
 - Baselayer leggings
 - Casual shirt and/or T-shirts
 - Fleece jacket or warm jumper
 - Waterproof jacket
 - Sunhat
 - Warm hat
 - Sunglasses
 - Thermal gloves
 - Warm and waterproof gloves or mittens
 - Headtorch and spare batteries
 - Sun protection (including total bloc for lips, nose etc.)
 - Water bottles 1 Litre x2 (we encourage re-filling water bottles rather than single use plastic)
 - Water purification tablets
 - Washbag and toiletries
 - Toilet paper (you can also buy this in the lodges if necessary)
 - Antibacterial handwash
 - Small towel
 - Selection of dry bags (to keep your kit bag contents dry)
 - Small padlock (to lock your kit bag)
 - Daypack 30 litres.
 - Sleeping bag (comfort rated -10°C)*
 - Warm jacket (down)*
- Basic First Aid Kit including: antiseptic cream, throat lozenges, diarrhoea treatment (Imodium), painkillers, plasters and blister treatment, insect repellent, and re-hydration salts (Dioralite). Glucose tablets and multi-vitamin.

◆The following items are optional:

- Training shoes or similar for use in the lodges
- Microspikes (Kahtoola) or similar footwear traction (see notes)
- Shorts
- Sleeping bag liner
- Pillowcase
- Scarf or buff

- Swimwear (for the hotel pool in Kathmandu)
- Travel clothes
- Camera
- Pen-knife (remember to pack sharp objects in hold baggage)
- Repair kit - (eg. needle, thread, duct tape)
- Reusable cloth bag for shopping (to avoid plastic bags)

Notes

*FREE sleeping bag and down jacket hire is included in your KE holiday booking on request.

Please make all requests at least 6 weeks prior to the trip departure date. Please note all hire / rental equipment is issued in Kathmandu. Please remember to allow room in your kit bag for these items.

Trekking Poles and Instep Crampons. For this trip you must bring a pair of trekking poles, even if you only use them as a safety measure for the pass crossings. In certain conditions, the trip leader may also issue Grivel Spider 'instep' crampons to group members for one or more of the pass crossings. These are small lightweight crampons, which can quickly and easily be attached to any kind of walking boot. If you have brought your own footwear traction such as the excellent Kahtoola Microspikes you can use these instead.

Respect Nepalese Custom. The Nepalese are still quite traditional and conservative in the way they dress. Therefore, to avoid embarrassment on both sides, we recommend that you respect this and do not wear revealing clothing or sleeveless tops while visiting Nepal. Shorts are acceptable, but they should reach to just above the knee and be modest and for women it is preferable to wear trousers or a long skirt.

PHD Gear Advisor

PHD specialise in cold weather equipment, from the world's lightest right up to the most protective for Everest or the Poles. It's a large range. So to help you choose what you need to keep you warm, PHD have listed the gear that is appropriate for this expedition. [> Click here to go to the PHD Gear Advisor for the Ultimate Everest Trek](#)

Cotswold Outdoor

Many of the equipment items listed above are available from [Cotswold Outdoor](#) - our '**Official Recommended Outdoor Retailer**'. When you book a holiday with KE you will receive a 12.5% discount with Cotswold Outdoor, Snow+Rock and Runners Need. The discount code can be downloaded from your MyKE account and you can use this code at the checkout, either in store or online.

Land Only Information

The LAND ONLY dates and prices are for the itinerary starting at the hotel in Kathmandu. Transfers are provided from/to Kathmandu Airport for all clients arriving on Day 1 of the Land Only itinerary and departing on the last day of the Land Only itinerary.

Flight Inclusive Information

The FLIGHT INCLUSIVE dates and prices are based on UK flights from London to Kathmandu. Outbound flights will usually depart from the UK in the evening, arriving mid-afternoon on the following day (Day 1 of the Land Only itinerary). Return flights will depart Kathmandu usually in the morning of the last day of the itinerary, arriving in the UK later the same day.

Why Choose KE

Why KE

All meals included - the only way to go! Including all meals within our holiday price means that you don't have to worry about the cost of food (at least £30 per day whether in Kathmandu or in lodges). And, you don't have the hassle, three times a day, of having to pay for your food. And, you don't have the extra concern of setting off on trek with a considerable amount of cash in your wallet.
