Introduction

North of Kathmandu (its peaks visible from the city on a clear day) the Langtang Himal is one of the most accessible trekking destinations in Nepal. We have just a short drive to the village of Sundarijal, where we start our approach to Langtang through the unspoiled region of Helambu. Five excellent days of trekking take us along the airy ridge of the Thare Danda and across the Laurebina La (4610m) to reach the sacred lakes at Gosainkund with fantastic views westwards to the Annapurnas, Manaslu and the Ganesh peaks.

Then, after a long descent to Syabru, we hike up to the monastery village of Kyanjin at the heart of Langtang and have a free day there with the option to trek to the summit of Tsergo Ri (4984m) for views that include nearby Langtang Lirung (7225m) and the Tibetan 8000 metre peak of Shishapangma. It then takes just 2 days to hike back down the valley to the roadhead at Syabru Besi. Less busy than the Everest and Annapurna regions, this combination of Gosainkund and Langtang offers brilliant trekking amongst some of Nepal's most spectacular landscapes.

Is this holiday for you?

Generally, the trekking conditions on this holiday are relatively easy underfoot, following good paths throughout. There are some sections of steep trail through rhododendron forest on the Thare Danda and some loose scree and rocky paths during the crossing of the Laurebina La and on the optional ascent of Tsergo Ri. For the most part, however, the trekking is straightforward and the itinerary is well staged to allow the best possible acclimatisation. You should ensure that you are physically prepared for the trek and comfortable walking 5 or 6 hours each day for several days continuously. The optional ascent of Tsergo Ri presents no technical difficulty but offers potentially the most challenging day of the holiday. This ascent should be within the capabilities of fit and active hikers. It is important to bear in mind that trekking at altitudes above 3000 metres is tougher than walking at sea-level.

Kathmandu Tour - Nagarkot and Bhaktapur

An exploration of the valley's historic and cultural sights is an excellent way to begin or end your adventure in Nepal. Highlights of this tour includes a very early drive up to Nagarkot on the Kathmandu Valley rim, the perfect place to watch a Himalayan sunrise. This is followed by a tour of the UNESCO World Heritage Site of Bhaktapur, renowned for its temples and traditional buildings.

Joining Arrangements & Transfers

The group will meet at the hotel in Kathmandu.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals are included from dinner on Day 1 to breakfast on Day 15. While staying in Kathmandu meals will be taken in the hotel or at a local restaurant. On trek the group will take their meals at lodges. Normally this will be a set meal for the whole group. Boiled or purified water is available at all the lodges we stay at. Bottled water is also available to purchase (at additional cost) but we do not recommend this on grounds of environmental care.

Food & Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Typical meals provided in the lodges will include some Nepali dishes but also international cuisine from pizza and chips to apple pie. To ensure that the group can eat together, we order meals in advance and your trip leader will arrange a set menu for the group, which will alternate daily between local and international dishes. Breakfast will usually be porridge, eggs, bread and a hot drink, lunch will be a simple meal with a hot drink, and dinner will be 3 courses consisting of soup, main meal and a simple pudding. If you wish to order additional dishes and/or snacks, you should budget accordingly. Boiled drinking water will be provided at breakfast, lunch and dinner. All the lodges and tea-houses sell snacks, chocolate bars, soft drinks and beer.

Accommodation

In Kathmandu we use a range of excellent hotels including the new and very comfortable 4 star Aloft Hotel. Located in the heart of the city, this hotel offers a range of first-class facilities including fast and free WiFi and a spa and fitness centre. Staying here, you can be assured of a restful start and finish to your time in Nepal. Whilst on trek there are 12 nights in lodges/tea houses. Accommodation is arranged on a twin sharing basis where possible (note that some lodges may have only multi bedded 'dormitory' rooms). If you are travelling by yourself you will be paired up with another single clients of the same sex. It is not possible to arrange single room occupancy in lodges. The Nepalese trekking lodges also known as 'tea-houses' are simple, friendly and atmospheric. Far from the nearest roads, they are simple establishments and all consumables have to be brought in by porters or pony trains. Most of these lodges have heated dining areas which are often attractively decorated. Accommodation is basic in unheated rooms with wooden beds and foam mattress. You will need a sleeping bag. The lodges have shared washing and toilet facilities. Some lodges have solar powered showers (charged at \$4 - \$5 per shower) and battery charging facilities (also charged at a rate per hour). Staying at the lodges is a great way to meet fellow hikers and the locals. For the 2 nights in Kathmandu single room occupancy can be booked at supplementary cost. Additional hotel nights in Kathmandu can also be pre-booked.

Group Leader & Support Staff

The group will be led by a professional and qualified Nepalese tour leader, assisted by an experienced team including Sherpa guides and porters.

Altitude

This holiday involves going to high altitude. During the course of your trip you will reach altitudes in excess of 3500 metres. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude. On this trip we carry a portable altitude chamber (PAC-bag) and/or bottled oxygen for use in emergencies.

Spending Money

Approximately £200 - £250 (or equivalent in US dollars, Euros etc.) should be allowed for miscellaneous expenses including porter and trek crew tips, beer, soft drinks etc. It is not necessary to obtain local currency prior to departure. Sterling, US Dollars and Euros are equally acceptable for exchange in Nepal. Please note: Scottish and Northern Ireland bank notes are not accepted in Nepal. We recommend that you carry your travel money in the form of cash, since you will exchange the majority of this on the day of your arrival in Kathmandu. If you prefer not to carry all of your spending money in cash, it is possible to withdraw money from ATMs in Kathmandu using your debit or credit card. During the trek it is possible to buy snacks, chocolate, soft drinks and beer on most days. Please be aware that since everything has to be carried up, these items become more expensive as you gain altitude.

Guidance on Tipping

Tipping is the accepted way of saying thank you for good service. Normally the porters and any other trek staff are given their tips at the end of the trek and this is best done as a group. Your Nepali tour leader will advise the group on an appropriate level of tipping. Most groups will hand out the tips with a bit of ceremony (or sometimes a party) on the last evening, to mark the end of the holiday. As a guide, we recommend that each group member contributes around £70 (in rupees) to these tips. At the end of their trek many people also like to donate various items of equipment to the porters and trek staff who work so hard to make the trip a success. Boots, gloves, hats, scarves and even socks are always warmly received by the porters. Your tour leader will make arrangements for a fair distribution (possibly by raffle) amongst the trek crew. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

Your main item of luggage should be a sturdy kit bag, duffle bag or similar. This will be carried during the trek by porters or pack animals and must weigh no more than 15kg. If you are picking up a sleeping bag and down jacket from KE in Kathmandu, you need to factor in the weight of these items (around 3kg) and allow space in your bag for them. You should also take on your holiday a daypack of approximately 30 litres capacity. It is possible to leave items not required on trek at the hotel in Kathmandu. For your international flights, please check the baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Visa Nepal

All nationalities require a visa. The visa process is partly automated and the fee is \$30 for 15 days, \$50 for 30 days, \$125 for 90 days. The visa is FREE for children under 10 years. The visa allows multiple re-entry. Payment must be made in cash and USD, GBP or Euros are accepted.

Part of this on-arrival visa process involves filling in a 'Tourist Visa Application Form' and you can simplify the procedure at Kathmandu Airport by filling this form in online (**within 15 days of travelling**) at [this link](#). This generates a receipt which you present (hard copy or saved on your phone) on arrival. This should allow you to go straight to the cashier to pay for your visa and has the potential to save you time in the visa queue.

Whilst these are not now needed for the visa process, we recommend that you travel with at least 2 spare passport photographs.

TREKKING PERMITS - WHAT DO WE NEED FROM YOU ?

For treks in the Everest region - EBL, EVL, EHW, ELL - we need your passport details and we need you to take with you to Nepal 2 passport photographs. You will hand these over to your local leader on Day 1.

For treks in the Annapurna region - ASL, ACL, UAT, ANL and for the Gosainkund and Langtang Trek - GLT - we need your passport details and we need to send through to Nepal ahead of your departure a scan of a passport-style photograph of yourself. Please send this to us once your holiday is guaranteed.

For these Conservation Area treks and other treks requiring Special Permits - KAN, DLG, NAP - we need to send through to Nepal ahead of your departure a scan of a passport-style photograph of yourself and a scan of the information pages of your passport. Please send these to us once your holiday is guaranteed. On arrival in Kathmandu you will still be required to provide your passport (with your visa) for presentation at the Nepal Tourism Board. Your passport will be returned to you by your tour leader at dinner.

For those trips requiring Climbing Permits - MER, IPC, CTL, YAR - we need to send to Nepal ahead of your departure, a scan of a passport-style photograph of yourself and a scan of the information pages of your passport. Please send these to us once your holiday is guaranteed. On arrival in Kathmandu, for YAR and for CTL, you will still be required to provide your passport (with your visa) for presentation at the Nepal Tourism Board. Your passport will be returned to you by your tour leader at dinner.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid.

Malarial prophylaxis is not usually required for trips in the mountains, however if you are visiting rural and remote low lying areas then they might be necessary.

On holidays to more remote areas you should also have a dentist check up. A good online resource is [Travel Health Pro](#).

Currency

The unit of currency in Nepal is the Nepalese Rupee.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience. You should be aerobically fit and comfortable with walking 5 to 6 hours each day and for several days consecutively. Regular walking in hilly country is the best preparation for a trip of this nature, but running, cycling and swimming are also good for developing better cardio-vascular fitness and stamina.

Climate

October-December and March-May are the best times to visit Nepal. These months either side of the monsoon are neither too hot nor too cold, offering the best conditions for trekking. At either of these periods you will encounter a wide range of daytime temperatures during your trip, from approximately 25°C in Kathmandu to around 10 to 15°C at 3000 metres and around 5 to 8°C at 4000 metres. The 'real feel' temperature in the middle of the day will be much warmer than this in the sun. At night in the rarefied air the temperatures plummet. You can expect to experience overnight temperatures at 3000 metres of around freezing and at 4000 metres of minus 7 or 8°C. Extended periods of rain or snow are very unlikely outside of the monsoon period but short lived storms can and do occur.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
