# Introduction

Straddling the border between Poland and Slovakia, the magnificent High Tatras are the highest part of the spectacular Carpathian Mountains and present a genuine wilderness setting for trekking adventures. This secret side of Europe is home to a stunning alpine landscape where excellent trails link together comfortable and scenically-located mountain refuges. In short, the High Tatras are perfect for anyone looking for a classic KE mountain holiday.

We have an introductory hike in the picturesque Strazyska Valley before paying a visit to the Polish mountain town of Zakopane. Next, we hike up to the spectacular lake of Morskie Oko on Rysy's north side and cross a high pass into the beautiful 'Polish Five Lakes Valley'. We then hike to the famously scenic Rusinowa Meadow for yet another jaw-dropping panorama of the Tatras, before transferring around to Strbske Pleso on the Slovakian side of the range. Climbing Rysy (2499m) from this side is no less special than the northern approach and the trails are generally less busy. Additionally, by hiking up from and back to our lake-side accommodation at Paprodske Pleso, we can leave most of our gear in our rooms and enjoy the day unencumbered. Two further days of trekking take us back across the 'White Tatras' via an overnight at the remote Pri Zelenom Hut and we end our incredible journey with a night in the colourful UNESCO-listed city of Krakow. If you are looking for a real hut-to-hut trekking adventure which combines two of Europe's most welcoming countries, remote mountain overnights and superb wilderness landscape all topped off with a laid-back medieval city - then this is the perfect choice.

## Is this holiday for you?

This holiday, which is limited to a maximum group size of 12, follows generally good and well-marked walking trails. However, the ascent of Rysy does include some short sections of easy scrambling (protected by chains) and high up it's also possible to encounter patches of old snow. The mountain huts we use are generally inaccessible by vehicle and this means that on some days you will be carrying all of your personal gear. Since neither a sleeping bag nor a camping mattress is needed, we suggest that you can limit the weight of your rucksack to no more than 8 or 9 kilograms. And, on the longest days (Day 3 and Day 5), you can leave most of your gear at the overnight hut. On average, you can expect to be walking for 6 hours each day and to accumulate 1000 metres of ascent or descent. This trekking holiday is suitable for regular hillwalkers, looking for an excellent week's mountain walking in a largely undiscovered part of the world.

## Joining Arrangements & Transfers

---

### TRAVEL TO YOUR DESTINATION

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will offset the carbon of your flight.

The group will meet at Krakow Railway Station in the afternoon of Day 1.

On Day 1 there will be a group, escorted transfer on public transport from Krakow Airport into the centre of Krakow.

On Day 8, there will be a group escorted transfer from the hotel in Krakow back to Krakow Airport in the early morning.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Hotel contact details and an emergency number will be provided with your booking confirmation.

### Meal Plan

7 breakfasts, 5 lunches and 5 dinners are included in the holiday price. Where there is a wide variety of dining options we have not included these meals in the price preferring to leave the choice of where to eat and the budget for these meals to you. We recommend that you allow from £7 to £20 for each of these meals for a total of 2 lunches and 2 dinners.

### Food & Water

Water from the taps may not be drinkable in all locations on this trip - please check with your guide. We recommend taking water purification tablets and a reusable bottle with a filter such as [Water-to-Go](#), which can both be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

In the hotels in Zakopane and Krakow, breakfasts are normally buffet style with cereal, fruit, eggs toast and a selection of cheeses and meats with bread. Both Zakopane and Krakow have a very wide range of restaurants with international cuisine plus inexpensive cafes and local fast-food outlets. In the huts, breakfasts are usually bread with a selection of meats and cheeses and sometimes cooked eggs and ham. Dinners normally consist of filling, home-made soups, pasta, goulash etc. Packed lunches of sandwiches and fruit are also provided at each of the huts. Additional snack food items, such as chocolate bars, can be purchased at the huts along with beers and soft drinks. Beer has been brewed in Krakow for the last thousand years and is excellent. The city has an abundance of pavement cafes and local bars to sit and watch the world go by.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Accommodation

During this holiday the group will spend 1 night in a hotel in Zakopane and 1 night in a hotel in Krakow. Accommodation in these places is twin sharing with either en-suite or shared facilities.

There are 5 nights staying in huts, which are mostly maintained by the Mountaineering Association of Slovakia. These are wooden or concrete structures usually with 4-6 bedded rooms or dormitory style with communal facilities, which usually include restaurant area, toilets and showers. Hot water at these huts is normally provided by solar heating and in some huts may be available only for a limited period each evening. In the more inaccessible mountain huts, facilities will be more rudimentary - each hut does have mains electricity and some have basic, although sometimes unreliable, wifi.. Sleeping bags are not required at the huts, as bed sheets and blankets are supplied. However, you may wish to carry a cotton or silk sheet sleeping bag.

If you are travelling by yourself, you will be paired up with another single client of the same sex for the 2 nights in the hotels. Single rooms for these 2 nights are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotel are available on request.

## Group Leader & Support Staff

The group will be led by a professional and qualified tour leader. For larger groups on Rysy a second leader will accompany the group.

## Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

## Spending Money

The local currency in Poland is the Polish Zloty and in Slovakia it's the Euro. We estimate that the equivalent of £150 should be sufficient to cover your incidental expenditure including tips for local staff, drinks and souvenirs, it is possible to purchase beer, wine and soft drinks at all the huts in Poland and Slovakia. An approximate split is £100 changed into Polish zloty and 60 euros for your time spent in Slovakia. Please be aware you will need your Polish Zloty and Euros before you start trekking. Euros, dollars and sterling can be changed into Polish Zloty at the airport or in Krakow centre. Cash in Polish Zloty can be withdrawn from ATMs on arrival at the airport, in Krakow centre and in Zakopane. Please do not bring travellers cheques as these can be time-consuming to exchange.

## Guidance on Tipping

Tipping is the accepted way of saying 'thank you' for good service. It is important to remember that tipping is voluntary and should be dependent on good service. On this trip we recommend that you give a tip to your guides on the trek and also on the city tour of Krakow. We estimate that €20 - 25 per person will be sufficient for these tips.

## Baggage Allowance

Since you will be carrying all the personal equipment you need for this trip you should make every effort to keep this to a minimum and we recommend that you have a trial walk with your packed rucksack. With careful planning and considering that you will not have to carry a sleeping bag, it should be possible to keep the weight of your sack down to 8 or 9 kgs / 20 lbs. It is possible to leave any items not required on the trek at the group's hotel in Zakopane. Please note we have a walk of around ¼ mile between the bus station and the group's hotel in Zakopane and we therefore recommend that you travel with only your rucksack and an additional small fold-away bag to store travel clothes etc which you wish to leave at the hotel.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

# General Information

## Passport & Visas

### Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

**The information that we provide is for UK passport holders.**

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

**It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates** (*see Health & Vaccinations below*), **and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

## Health & Vaccinations

### Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

### GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

### Severe Allergies

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

## Currency

The currency for part or all of this holiday is the Euro.

The unit of currency in Poland is the Polish Zloty.

## Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking or climbing trip getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. The best preparation is regular hill-walking with mountain walks every couple of weeks or so where you are out for 7 or 8 hours with several hundred metres of ascent. Failing this, we would suggest that you adopt a weekly exercise regime leading up to your trip. Running, squash and swimming are good for developing better stamina. Whatever your exercise programme, we recommend that before departure, you try to fit in a number of long walks in hilly country.

## Climate

The main season for mountain trekking in this part of Poland / Slovakia is from July to September and the weather is generally very good. We can expect daytime, valley temperatures of between 20°C and 25°C, dropping to 12°C or lower at night dependent on the altitude we stay. As with any mountain area, there is always the risk of some poor weather, with rain and wind and the occasional storm. However, this area usually enjoys a very pleasant and stable climate at this time of year.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Maps

### EKO-GRAF Polish and Slovak Tatra Mountains

This map covers the three main groups of the Tatra Mountains: the High Tatras, Western Tatras and the eastern Beliansk Tatra. Coverage extends from Zakopane in the north to the southern boundary of the Tatra National Park in Slovakia. West/east the map extends from the Sivy Vrch peak and Liptowski Mikul to Tatranska Lomnica. Contours are at 20-m intervals and shading and graphic relief give a very detailed picture of the areas topography. Numerous peaks, passes, valleys, etc. are named, and waymarked trails are indicated. Also marked are cable cars and huts. Also included is a street plan of Zakopane showing main streets and an overview road map at 1:600,000 of the area between Krakow and the Tatra Mountains. The map legend includes English.
