Introduction

We begin in the beautiful town of Cortina, in the heart of the Dolomites, from here we head up into the mountains. Around us, peaks rising to over 3000 metres as we run through and beneath spectacular rock spires and imposing towers - such as the world famous Tre Cime. This is a very special and interesting part of the world on a number of counts. Unique in terms of its geology and culture, presenting an interesting mix of Austrian and Italian traditions, food, and folklore. The area is known as the Sud Tyrol in German, and as the Alto Adige in Italian.

Staying in Rifugios along the route, we stay high in the mountains and get to enjoy Italian hospitality and wonderful food along the way. Moving north to south through the exceptional natural beauty of the rock formations and geology that have made the Dolomites famous throughout the world. Be prepared to be impressed as you run through some of the most beautiful mountains in the world.

Is this holiday for you?

On this trip you are on holiday, it is not the race, and therefore we spend one week running the route and taking time to enjoy the mountains. Each day we will run/hike between 15-28km kilometres (10-17 miles), with at least one high mountain pass per day. We're likely to be on our feet for between 5-8 hours per day with lots of ascent and descent on a variety of mountain trails. This trip is suitable for experienced mountain trail runners.

TRAVEL TO YOUR DESTINATION

In some cases you may choose to take a ferry and/or train to your holiday start and end destination. Please see further information on [Travelling by Train](#).

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will [offset the carbon of your flight](#).

You should arrange to meet the group Hotel, Cortina on Day 1. The welcome meeting will be at approximately 18:00 followed by the evening meal, so you should aim to be there for this time.

Meal Plan

All meals are included, apart from lunches, from dinner on Day 1 to breakfast on Day 8.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

Water from the taps may not be drinkable in all locations on this trip - please check with your guide. We recommend taking water purification tablets and a reusable bottle with a filter such as [Water-to-Go](#), which can both be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

Accommodation

On this holiday, we spend 2 nights in a hotel in Cortina. All the hotels we use in Cortina are comfortable and welcoming, with en suite facilities.

The Dolomite Rifugios are definitely a 'cut above" normal mountain huts and we usually manage to secure bedrooms, or small dormitory style rooms of between 2 - 4 people which allows same gender in one room, rather than mixed. On some occasions it may be necessary for mixed gender. It is worth pointing out that in other mountainous hiking areas 'mixed' would be the only option.

In Cortina single rooms may be available on request for a supplementary payment. However, these are limited in number and we recommend that you book early if you wish to be sure of a single room

Group Leader & Support Staff

The trail running guide will be a fully qualified and experienced International Mountain Leader.

Spending Money

The package price includes all accommodation, guiding and all breakfasts and 7 dinners. You should make an allowance for additional snacks, drinks etc. Beer, wine and soft drinks are available every night.

We estimate that approximately 300 Euros should adequately cover typical personal spending requirements.

Baggage Allowance

For this holiday you should take one piece of luggage (you should be able to comfortably carry / move this bag yourself) and a running day pack (see equipment list for specific details).
