We even include some tips for the best places to stop for lunch.

You can expect to receive your Self-Guided Pack containing your route notes, a map or guidebook, and all your relevant documents, no later than 3 weeks before your holiday start-date. We will send your documents using a signed-for courier so that you can track your package and know that it is safely on its way to you. For bookings of more than 4 people we will send an additional Self-Guided Pack. If you do not need this additional pack please inform our Sales Team. Your pack will be sent to the lead booker, so please remind them to pack it before setting off.

Should your self-guided trip be part of a longer adventure requiring you to leave home more than three weeks before your holiday start-date, please inform our Sales Team so that we can make alternative delivery arrangements.

## GPS Travel App

This holiday includes a GPS navigation app, which contains the routes for you to follow each day, as well as attractions, coffee stops and points of interest along the way. The app does not need to have Wi-Fi connection to work, you simply follow the instructions we provide you to download the app to your personal smartphone device before you leave home and you are ready to go.

While the travel app is running, your phone battery charge can be consumed faster than normal, so we strongly recommend that you pack a power bank with you just in case you require it.

## Self-Guided Families

Our Self-Guided Holidays are perfect for your next family holiday and are suitable for children of all ages.

Our partner hotels and accommodations are able to provide cots for young children, and some offer family rooms. We can also arrange hire of children's bikes and tag along bikes for most of our self-guided cycling trips and with trips such as Lake Constance and the Danube offering routes on designated cycle paths you can rest assured in keeping your family safe.

As a parent we trust that you know your own child's capabilities, so please read the itinerary details to ensure the distances covered each day are suitable for your family. If this is a first time walking or cycling holiday for your family, a centre-based trip is a fantastic option as it allows you to easily opt out of a day's walking if a day of building sand castles, swimming in the pool, or visiting museums is calling instead.

Please discuss this further with our Sales Team who will be happy to assist in picking the best trip for your family.

## Joining Arrangements & Transfers

The trip starts and ends at your hotel in Zurich. All of our self-guided holidays are sold on a Land Only basis allowing you the flexibility to choose the travel method which best suits you. The nearest airport for this trip is Zurich Airport, served by many departures from UK regional airports.

If you are flying to Zurich Airport, you can take the train from the airport to Zurich Hauptbahnhof, the city's main railway station. The journey takes around 15 minutes and operates every 15-20 minutes.

You can return from Zurich Hauptbahnhof to Zurich Airport the same way for your onward journey.

It is also possible to travel flight-free from the UK by taking the Eurostar train to Paris Gare de Lyon where you can change to pick up TGV connections to Switzerland.

A Swiss Half-Fare Card is available to purchase which offers savings on the Swiss transport network. You might like to consider this particularly if you are planning an extended holiday in Switzerland. For more information visit the SBB website: <https://www.swissrailways.com/en/buy-swiss-half-fare-card>.

## Meal Plan

This trip is on a bed and breakfast basis to allow you the most flexibility during your holiday.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

Swiss food is a blend of French, German and Italian cuisine, which is hardly surprising given the country's location surrounded by all three countries. In particular, Switzerland is a cheese and chocolate lover's dream destination and is home to some of the world's finest cheese producers and chocolatiers. Yet there is much more to Swiss food than cheese and chocolate. Zurich in particular is a hotspot for foodies, with traditional Swiss dishes from across the cantons served alongside trendsetting creative dishes; several Michelin-starred restaurants can be found in the city, and the surrounding areas are often a-buzz with food festivals.

The great Swiss staple, the cheese fondue, is a dish all visitors must try and is almost a rite of passage. A mix of delicious melted Gruyere and other Swiss cheeses, white wine and herbs, it is the meal the Swiss Cheese Union claims 'creates a good mood' - unless you are first to drop your bread in the fondue that is! Tradition states that the poor soul who drops their bread in first, must foot the bill.

Although cheese fondue is delicious, it is certainly not the only yummy dish on the menu. Other national delights include Röstli (a fried grated-potato dish served with anything from eggs to apples) and Zürcher Geschnetzeltes (which translates as 'meat cut Zurich style' and consists of slices of veal cooked in a creamy mushroom sauce). Although traditional food is generally rich and hearty, you will find many lighter options too such as soups, salads and fresh fish from Zurich's surrounding lakes.

Of course, if you are keen to embrace the cake and coffee culture, you will find a range of delightful sweet treats, many containing the fresh fruits grown in Switzerland, and of course the renowned Käsekuchen (cheesecake). Go on, you've earned it!

## Accommodation

This trip has been designed with comfort in mind. You will stay in a selection of handpicked 3-star and 4-star hotels all of which have been chosen for their hospitality, excellent facilities and close location to your cycle route. All of the hotels have well-appointed rooms with Wifi and offer a buffet breakfast to keep you fuelled on your bike ride. Some of the hotels also have wellness centres and gardens, perfect for relaxing after a busy day exploring.

Your accommodation is on a bed and breakfast basis staying in twin or double rooms, however all of the hotels also have a restaurant where you can enjoy an evening meal should you prefer to stay in after a busy day out exploring on your bike.

It is possible to arrange additional nights' accommodation if you wish to extend your time in this beautiful area - please speak to our Sales Team for details.

## Bike Hire

E-bike hire is included in the cost of this holiday. Equipped with a battery and motor, these electric bikes give you a helping hand whilst you are pedalling, making it easier to climb hills, and travel further with less effort and more comfort.

Bikes come equipped with a pannier for your daily essentials plus lights, bike lock, pump, and puncture repair kit.

The minimum age for riding e-bikes in Switzerland is 16 years. A minimum height of 160cm is recommended for e-bikes. We will reserve the appropriate size of bike for you based on your height.

We strongly recommend that you bring your own helmet with you for the best comfort. We also recommend packing a gel seat for extra comfort or a pair of padded cycling shorts as whilst the cycling is leisurely and there are plenty of opportunities to stop and explore, it is always nice to have some padding for a more comfortable ride.

We can also arrange child trailers if you wish to travel with a younger family.

## Baggage Allowance

Your main luggage will be transferred between each of your hotels while you are out on your bike. We ask that you please ensure your luggage is limited to one piece under 20kg per person, and that your luggage is ready for collection each morning. You will also need a daypack to carry your daily essentials with you whilst you are riding.

## Preparing for your Holiday

The advantage of a self-guided cycling holiday is that you decide the pace. This trip is designed for leisure cyclists who wish to ride at an easy pace with minimal effort and explore the many sights along the way. You should be comfortable with cycling an average of 35 km a day on easy cycle paths and quiet roads, so it is always advisable to dust off your bike and head out on a few rides before your holiday.

## Climate

Zurich and the surrounding area has a temperate climate with four distinct seasons. Whilst cold winters often bring snowfall, summer days tend to be hot with temperatures reaching above 30 degrees Centigrade. Spring and autumn are usually mild with temperatures of around 15 degrees Centigrade yet can also bring some wet weather; there is always a chance of showers in summer too so it is a good idea to pack your waterproofs and a warm layer in your daypack.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

## Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
