# Introduction

Feel captivated as you cycle Lanzarote's smooth tarmac, fully immersed in landscapes bursting with colourful and textural contrasts, with one breathtaking vista after another. Nature and art merge into something very special on this volcanic island that emanates from beneath the Atlantic Ocean, and at the end of each day's adventures you'll be tantalised by deliciously fresh cuisine. During your week on the island you will discover its unique fusion of culture, fire, and extraordinary geology - including how these were brought together creatively by the world-renowned local environmental visionary and artist, Cesar Manrique.

Staying in a selection of welcoming 3-star and 4-star hotels on the coast with inviting swimming pools, and an intimate casa in Haria, you can unwind after a day in the saddle with a dip in the pool, or by relaxing in the bar - maybe you'll find time to do both! Your routes will take you off the beaten track and away from the coast to discover the impressive ancient capital of Teguise, through the alluring Valley of a Thousand Palms to experience the authentic town of Haria, and will transport you to another world as you cycle through Timanfaya National Park. We have designed this trip with plenty of flexibility in mind so you can choose to cycle hard, or to enjoy a shorter route, as you soak up all Lanzarote has to offer - including its uniquely grown wine! Remember we also offer E-bike upgrades on all our cycling trips and this might be just what you need to explore the routes on this trip at your own effort and pace - please contact our Sales Team for more information.

## Is this holiday for you?

This trip is ideal for anyone who loves to cycle on quiet roads with beautifully smooth tarmac, to have plenty of flexibility in their itinerary, and to enjoy fantastic facilities for unwinding after a day in the saddle. With a choice of rides on most days, you can tailor your holiday to suit you - whether you want to relax, soak up the dramatic scenery, and enjoy the fantastic produce Lanzarote has to offer, or focus on cycling further and harder each day. Ride options vary between around 30 and 70km in length and with between 500m and 900m of ascent, so you have plenty to choose from. Plus, spending 2 nights in or near Teguise and at Playa Blanca allows you the option to enjoy a rest day or two by the pool, or do a spot of sightseeing on foot if you'd prefer. And remember, if you'd like to do all the longest rides and those with the biggest climbs yet would like to ease the effort, then we'd recommend upgrading to an E-bike - just ask our Sales Team for more information.

We even include some tips for the best places to stop for lunch.

You can expect to receive your Self-Guided Pack containing your route notes, a map or guidebook, and all your relevant documents, no later than 3 weeks before your holiday start-date. We will send your documents using a signed-for courier so that you can track your package and know that it is safely on its way to you. For bookings of more than 4 people we will send an additional Self-Guided Pack. If you do not need this additional pack please inform our Sales Team. Your pack will be sent to the lead booker, so please remind them to pack it before setting off.

Should your self-guided trip be part of a longer adventure requiring you to leave home more than three weeks before your holiday start-date, please inform our Sales Team so that we can make alternative delivery arrangements.

## Self-Guided Families

Our Self-Guided Holidays are perfect for your next family holiday and are suitable for children of all ages.

Our partner hotels and accommodations are able to provide cots for young children, and some offer family rooms. We can also arrange hire of children's bikes and tag along bikes for most of our self-guided cycling trips and with trips such as Lake Constance and the Danube offering routes on designated cycle paths you can rest assured in keeping your family safe.

As a parent we trust that you know your own child's capabilities, so please read the itinerary details to ensure the distances covered each day are suitable for your family. If this is a first time walking or cycling holiday for your family, a centre-based trip is a fantastic option as it allows you to easily opt out of a day's walking if a day of building sand castles, swimming in the pool, or visiting museums is calling instead.

Please discuss this further with our Sales Team who will be happy to assist in picking the best trip for your family.

## Joining Arrangements & Transfers

Your trip starts at your hotel in Costa Teguise and ends at your hotel in Arrecife. All of our self-guided holidays are sold on a Land Only basis, allowing you the flexibility to choose the travel method that best suits you. The nearest airport is Lanzarote Arrecife Airport, served by many departures from UK regional airports.

If you are arriving into Lanzarote Arrecife Airport, you will be collected by your transfer driver and taken to your hotel in Costa Teguise. As you exit Arrivals, look out for your driver, who will be holding up a sign with orange writing that reads 'First Minute Transfer'.

It is also possible to arrive into Arrecife on the ferry from Cadiz, mainland Spain. From here, the public bus to Costa Teguise takes round 10 minutes. Please see <https://www.rome2rio.com> for details.

If you are departing from Lanzarote Arrecife Airport on the last day of your itinerary with KE, you will be collected from your hotel in Arrecife by your transfer driver and taken to the airport.

## Meal Plan

This trip is on a bed and breakfast basis to allow you the most flexibility during your holiday.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Food & Water

Cuisine in the Canaries is centred on fresh local produce and recipes handed down through the generations, resulting in a mix of delicious flavours that blend their Spanish roots with African and South American influences. Meat and fish are served with the staple of tasty Papas Arrugadas (small locally grown potatoes boiled in extremely salty water, giving their skins a somewhat wrinkly appearance) - and a traditional Mojo sauce. Meat is served with Mojo Rojo - red - made with chillies, oil, garlic, vinegar, and salt; fish is served with Mojo Verde - green - where coriander replaces the chilli. Every restaurant claims to have its own secret Mojo recipe! As you would expect on an island, seafood features heavily in the Canarian diet. You might enjoy Puntillas de Calamar (fried baby squid), Pescado a la Plancha (fish of the day grilled simply, that is incredibly tasty), or exquisite fresh Lapas (limpets, often served in the pan they have been cooked in, with butter and garlic sauce and freshly chopped coriander). In addition and perhaps surprisingly, the island has some fantastic mild slightly salty goat cheeses, some of which have won international awards, plus a selection of lovely local wines.

Tap water from the mains is safe to drink, however it tastes quite different to what many people may be used to because it is produced from desalinated sea water. You might prefer to take a reusable bottle with a filter such as [Water-to-Go](#), which can also be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

## Accommodation

We have designed this trip with comfort in mind so you can enjoy feeling pampered whilst you relax after a day in the saddle. You will be staying in a selection of great 3-star, 4-star, and 5-star hotels and resorts, and a welcoming traditional Canarian casa country inn in Haria where you can take pleasure in the warm hospitality of Lola and Juan. All accommodations offer comfortable en-suite bedrooms, lovely communal areas, and great breakfast buffets to fuel your adventures each day. Some of your accommodations also have swimming pools - perfect for cooling off and soothing your limbs after a busy day exploring.

Accommodation on Day 3 and Day 4 is normally in the village of Teguise. However, hotels here in the centre of the island are small and sometimes availability is limited. In this case, we use other hotels in nearby La Florida and Mozaga, which are around 5km from Teguise. The evening meal will be included on these nights if you are staying in a more remote spot with fewer local dining options. As the base cycle route passes through the village of Teguise, everyone will have the chance to visit the village.

It is possible to arrange additional nights' accommodation in Costa Teguise or Arrecife before or after your trip if you would like to explore this fabulous island a little more. Please contact our Sales Team for more information.

## Bike Hire

Standard touring bikes come with 30 gears, and come equipped with a rear luggage rack and pannier for your daily essentials, plus a milometer, bike lock, pump, repair kit, and spare inner tube.

Please note that it is a legal requirement to wear a helmet in Spain. We include a helmet with your bike on this trip however we strongly recommend you bring your own helmet for the best comfort.

We also recommend packing a gel seat for extra comfort or a pair of padded cycling shorts as, whilst there are plenty of opportunities to stop and explore, it is always nice to have some padding for a more comfortable ride.

For those wishing for a sportier positioning on the bike it is possible to upgrade to a carbon road bike with 22 gears on this trip for a supplement of £45 (please note that road bikes do not come with a rear luggage rack or pannier).

## Upgrade to an E-bike

If you are looking for a bit of an extra boost whilst in the saddle, you can upgrade to an e-bike to make your ride even more leisurely.

Equipped with a battery and motor, these electric bikes give you a helping hand whilst you are pedalling, making it easier to climb hills and travel further with less effort and more comfort.

E-bikes are available on this holiday at an additional supplement of £70 for a city-style e-bike (step-through frame with flat handlebars), or of £150 for a road e-bike (unisex road bike frame with crossbar and drop handlebars). Please note that road e-bikes do not come with a rear luggage rack or pannier. Please request your e-bike upgrade option from our Sales Team at the time of booking.

## Baggage Allowance

Your main luggage will be transferred between each of your hotels while you are out on your ride. We ask that you please ensure that each piece of your luggage is under 20kg and that your luggage is ready for collection in the morning on the day of each hotel change. You will also need a daypack to carry your daily essentials with you whilst you are riding.

## Preparing for your Holiday

The advantage of a self-guided cycling holiday is that you decide the pace. Having said this it is always sensible to get some additional exercise before going on an active holiday. After all, the fitter you are the more enjoyable your cycling will be. We have designed this trip with flexibility in mind with a choice of shorter or longer rides on most day. However, you should at least be comfortable cycling 35 to 50km and up to 600m of ascent a day on quiet roads. We advise you to dust off your bike and head out on a few rides before your holiday to help make your holiday more enjoyable. We also offer e-bike upgrades for those seeking to make the journey more leisurely.

## Climate

The Canary Islands are perfect for holidays all year round, thanks to what are often described as 'eternal spring conditions' where temperatures range between 16 degrees centigrade in the winter to 25 degrees centigrade in the summer. It tends never to be too hot or too cold, which makes it perfect to explore on foot or by bike.

Lanzarote has its own micro-climate with the north being slightly windier and cloudier, the south being drier and warmer with approximately 2,500 hours of annual sunshine, and the centre having a moderate and stable climate. It is this wonderful balanced, gentle climate that has helped make Lanzarote such a popular holiday destination, as much for those seeking sun, sea, and sand, as for those wanting to walk, cycle, and sightsee. On top of this, thanks to the vast amount of sunshine, the island is home to over 600 plant species, many of which are endemic and have a significant botanical value.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](http://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](http://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
