Introduction

Experience Iceland in all its glory, away from the crowds and at your own pace, on this fantastic self-guided walk and drive holiday. Arriving in the Land of Fire and Ice, your first stop will be the Sky Lagoon where an authentic Icelandic geothermal bathing experience will set the tone for the rest of your week. Spend time exploring the vibrant capital, Reykjavik, with its photogenic architecture and many enticing restaurants, before heading for the Snaefellsnes Peninsula - a mini Iceland within Iceland! Experiencing its diverse landscape of glaciers, mountains, lava fields, and black volcanic beaches, you will soon be captivated by this wild land. You will have the opportunity to hike to the mysterious Djupalonssandur beach where the power of volcanic lava meets the force of the Atlantic, to the breathtaking Kirkjufjell with its cascades, and to the thundering Glymur Waterfall.

Of course no trip to Iceland is complete without a visit to the Golden Circle, and in true KE style your walks will veer away from the crowds so you can experience this fantastic region like a local. Geology will spring to life and your senses will be awoken as you walk through the geothermal region of Hengill Volcano and stand in awe on the Reykjanes Peninsula as nature's masterpiece is created before you in the form of fresh lava fields and incredible patterns of rope lava. Ending your trip on a high, you return to Reykjavik for the final evening of your Icelandic adventure. Unless, that is, you choose to stay a little longer in the city and take advantage of the endless list of day trips in the region - whether you fancy whale watching or visiting the famed Blue Lagoon. If you'd like to extend your trip, just ask our Sales Team for details.

Is this holiday for you?

If you love to have time in the city seeing the sights, then retreating from the crowds and into wild landscapes, then this is the trip for you. If you are fascinated by the power of nature and geology, then this is also the trip for you. With time spent unwinding with an authentic Icelandic bathing experience, and time in the hustle and bustle of Reykjavik, you will then leave the crowds behind to hike on the Snaefellsnes Peninsula and explore the Golden Circle, where you will have the perfect balance of culture and wild escapes. Plus, with the flexibility to arrange your own choice of hire car and a selection of walks of around 3-6 hours from which to choose each day, you can enjoy this fantastic region your way and at your own pace.

Car Hire

This holiday has been designed to give you the ultimate flexibility and independence with arranging your own hire car.

There are numerous car hire agencies in Iceland, with offices available at Keflavik Airport. Arranging your car independently, you can choose the type of vehicle you prefer, the number of drivers required, and the level of excess protection desired. Car hire brokers such as [Zest Car Rental](#) are a good resource for comparing rental deals. We highly recommend that you pre-book your hire car so that it is ready to collect on arrival.

Our sales team would also be happy to provide you with a quote for car hire through our preferred partner, Zest Car Rental. If you choose to arrange your hire car through KE, you would benefit from financial protection of your full holiday package.

Rental conditions will vary according to the provider; these will be presented with your quote. General terms and conditions for hire can be found here: <https://www.zestcarrental.com/terms/>

As a minimum service level, car rental arranged through KE would come with:

- Excess protection

- Top-up insurance

- Unlimited mileage

- Breakdown assistance

Upgrades such as additional days' hire, automatic transmission, or electric or hybrid vehicles can also be requested (subject to availability).

You can also find answers to frequently asked questions and further information about car hire [here](#)

Self-Guided Families

Our Self-Guided Holidays are perfect for your next family holiday and are suitable for children of all ages.

Our partner hotels and accommodations are able to provide cots for young children, and some offer family rooms. We can also arrange hire of children's bikes and tag along bikes for most of our self-guided cycling trips and with trips such as Lake Constance and the Danube offering routes on designated cycle paths you can rest assured in keeping your family safe.

As a parent we trust that you know your own child's capabilities, so please read the itinerary details to ensure the distances covered each day are suitable for your family. If this is a first time walking or cycling holiday for your family, a centre-based trip is a fantastic option as it allows you to easily opt out of a day's walking if a day of building sand castles, swimming in the pool, or visiting museums is calling instead.

Please discuss this further with our Sales Team who will be happy to assist in picking the best trip for your family.

Joining Arrangements & Transfers

The trip starts and ends at Keflavik Airport. All of our self-guided holidays are sold on a Land Only basis, allowing you the flexibility to choose the travel method that best suits you. The nearest airport for this trip is Keflavik Airport, which is well-served with many departures from UK regional airports. There are numerous car rental agencies available at Keflavik Airport - pre-booking your hire car is highly recommended.

Meal Plan

This trip is on a bed and breakfast basis to allow you the most flexibility during your holiday.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

Icelandic food is heavily influenced by its Scandinavian neighbours and won't disappoint even the more avid foodies. As a nation that historically struggled to grow fresh produce, it will come as no surprise that the staples of the nation's cuisine are meat, fish and dairy produce, although the days of having to preserve fresh produce are a thing of the past.

You can look forward to simple, hearty, delicious dishes such as flatkaka med hangikjoti (flatbread with smoked lamb), the perfect dish for fuelling a day adventuring. Freshly caught langoustine, cod and haddock are featured prominently and are highly recommended - in fact, Icelandic fish and chips will even give the British a run for their money! Or perhaps sample kjotsupa, a traditional hot lamb soup, perfect for warming on those cooler days.

For the braver diners, the Icelanders have some unique dishes for you to sample such as hakarl (fermented shark), svid (sheep's head), and hrutspungar (pickled or fermented ram's testicles). These dishes aren't for everyone but are age-old traditions here in Iceland.

Of course, we cannot forget to mention skyr, perhaps Iceland's most famed dairy product. Often classified as a cheese, it is in fact a deliciously thick yet light yoghurt and will be often seen in your breakfast selection in a range of flavours.

For those with a sweet tooth, be sure to sample the popular kleinur, a yummy twisted doughnut, or bragdarefur, a popular ice cream treat which requires you to choose 3 additional ingredients from a selection of sweets and fruit which are then mixed into the ice cream - a popular base flavour being rugbraudsis (rye bread ice cream). We recommend you to order a small one, as these tasty ice cream treats can often be ginormous!

Accommodation

On this trip you will stay in a selection of fantastic 3-star hotels and guesthouses and one 4-star hotel, all chosen for their great locations and connections to their local area. In Reykjavik you will stay in the city centre, enabling you to enjoy all it has to offer, before hitting the road to the wild coast where you can enjoy watching wildlife from your hotel. Then, you will head towards the national parks to enjoy the remote locations of Thingvellir and Hverageroi, all the while staying in comfortable hotels with trendy Scandinavian styling and warm hospitality, along with car parking. Each hotel and guesthouse offers a great breakfast buffet, and most have on-site restaurants too.

It is possible to arrange additional nights' accommodation in Reykjavik before or after your trip if you wish to have a little more time exploring the city. Please speak to our Sales Team for more information.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Luggage with wheels is useful for this holiday.

For international flights please check your baggage allowance with your airline.

Please also consider the luggage capacity of the type of vehicle you choose to hire.

The unit of currency in Iceland is the Icelandic Krona.

Preparing for your Holiday

The advantage of a self-guided walking holiday is that you decide the pace. However, getting some additional exercise before coming on an active holiday makes a lot of sense and the fitter you are the more enjoyable your walks will be. You should be aerobically fit and comfortable with walking 3 to 6 hours for consecutive days. Hill walking, with a good amount of ascent and descent, is the best training. Running, cycling and swimming are also good for developing cardiovascular fitness and stamina.

Climate

Despite its location on the edge of the Arctic Circle, Iceland is not the cold country we sometimes imagine. The island benefits from the influence of the Gulf Stream, which bathes its south, west and north-west coasts, giving the country a temperate oceanic climate (relatively mild winters and relatively cool summers). In Reykjavik, average temperatures sit between 0 and 12 degrees centigrade in January, and at around 12 degrees centigrade in July. The rains are more abundant in the south than in the north. As for the winds, they are very frequent and sometimes strong. The only thing certain about Icelandic weather is that it is extremely changeable, so you should be prepared for four seasons in one day, although generally it is warm and sunny in summer.

From May to mid-August it barely gets dark at night, allowing you to make the most of your trip - however if you are a light sleeper it may be worth packing an eye mask to help you sleep.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
