Introduction

Picture-perfect villages, fantastic food, crystal-clear seas and bustling harbours - the Cinque Terre really does have it all! Situated in the north-west of Italy, the five UNESCO villages of the Cinque Terre are nestled on the Ligurian coast, sandwiched between the blue waters of the Ligurian Sea and the magnificent Apuan Alps. Staying in the pretty village of Corniglia right at the centre of the five villages - Vernazza, Monterosso, Corniglia, Manarola, and Riomaggiore - you will have the ultimate base for exploring the 'Five Earths', or 'Cinque Terre'. Using the trains and coastal paths that link these colourful villages, you will feel like a local in no time. You will even have the opportunity to enjoy a boat journey from Portovenere to Monterosso to see the villages from the sea for a different perspective - and from their most photographed angle.

Important Notice

The five villages of the Cinque Terre are famed for their colourful cliffside buildings and the airy coastal paths that connect them. These fantastic balcony paths certainly are a highlight for those visiting the region. Due to their wild coastal nature, they are regularly monitored by the local park authority and may be closed for safety reasons or maintenance during/following wet weather and/or during exceptionally busy periods, to ensure that you remain safe and enjoy your time in this magnificent region.

We provide you with a selection of alternative routes should the paths be closed during your holiday, and it is always possible to opt to use the coastal train as an alternative way to experience the villages. For the most up-to-date information about the coastal paths please visit www.parconazionale5terre.it/Esentieri-outdoor.php.

Your Self-Guided Pack & Route Notes

Each self-guided holiday comes with comprehensive route notes and a map or pocket guidebook of the area you are exploring. The route notes contain information about the places you will visit and the local transport you might need, along with the detailed route notes for your daily walks or cycle rides. We even include some tips for the best places to stop for lunch.

You can expect to receive your Self-Guided Pack containing your route notes, a map or guidebook, and all your relevant documents, no later than 3 weeks before your holiday start-date. We will send your documents using a signed-for courier so that you can track your package and know that it is safely on its way to you. For bookings of more than 4 people we will send an additional Self-Guided Pack. If you do not need this additional pack please inform our Sales Team. Your pack will be sent to the lead booker, so please remind them to pack it before setting off.

Should your self-guided trip be part of a longer adventure requiring you to leave home more than three weeks before your holiday start-date, please inform our Sales Team so that we can make alternative delivery arrangements.

Self-Guided Families

Our Self-Guided Holidays are perfect for your next family holiday and are suitable for children of all ages.

Our partner hotels and accommodations are able to provide cots for young children, and some offer family rooms. We can also arrange hire of children's bikes and tag along bikes for most of our self-guided cycling trips and with trips such as Lake Constance and the Danube offering routes on designated cycle paths you can rest assured in keeping your family safe.

As a parent we trust that you know your own child's capabilities, so please read the itinerary details to ensure the distances covered each day are suitable for your family. If this is a first time walking holiday for your family, a centre based trip is a fantastic option as it allows you to easily opt out of a days walking if a day of building sand castles, swimming in the pool or visiting museums is calling instead.

Please discuss this further with our sales team who will be happy to assist in picking the best trip for your family.

Joining Arrangements & Transfers

This trip starts and ends at your apartment in Corniglia. All of our self-guided holidays are sold on a Land Only basis, allowing you the flexibility to choose the travel method that best suits you. The nearest airport for this trip is Pisa Airport, with many departures from UK regional airports.

The rail network in this part of Italy is extremely good, and if you are flying into Pisa the train is the best way to get to your apartment. From Pisa airport you can take the regular shuttle to Pisa Centrale train station. The journey takes approximately 5-10 minutes. The train journey from Pisa Centrale to Corniglia takes approximately 1.5-2 hours, with one change at La Spezia Centrale. The train service is regular and tickets can be booked in advance at www.lefrecce.it. Corniglia town is located around 1km above Corniglia station. A shuttle runs every day until 8pm and can sometimes be very busy (cost: €1.50 per person per ride). After 8pm, or if the shuttle is full, you will need to walk to your accommodation with your luggage either for around 1km along the road, or up many steps - we do not recommend hard cases with wheels for this reason and suggest bringing something you can carry more easily if required. A hybrid wheel-able soft duffle bag with backpack straps would be ideal.

Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

Part of the experience of any visit to Italy is the opportunity to taste the wonderful cuisine. Liguria is renowned for its simple flavours, especially the world famous Pesto alla Genovese! The surrounding hills are dotted with pine trees that provide the all-important pine nuts used in many Ligurian dishes, including the famous pesto. The region is well-known for hearty and rustic country flavours, with the warm Mediterranean air creating excellent conditions for olives, grapes, corn, herbs, garlic, potatoes, onions, and artichokes. Seafood in the region is a highlight, with many restaurants serving the day's fresh catch, not to mention the delicious cones of fresh calamari served as a fast food snack in the villages. Yummy!

As in the whole of Italy, pasta is a constitution. Pesto is on most menus and is often served with fidelini - a long very thin pasta, or trenette - a flat, thin pasta similar to linguine. Gnocchi is also plentiful and is delicious. No meal in Italy is complete without a pleasant wine to wash it down, and Italian wine is excellent! Italy is also famous for its aperitifs, from chilled prosecco to Campari, Vermouth and Cinzano all served over ice, to various spritzes. Aperol, anyone? Don't forget the zesty Limoncello produced in the region, which is particularly delicious poured over ice cream!

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

We have designed this trip on a self-catering basis to give you the opportunity to enjoy the many welcoming cafes and restaurants in Corniglia and along your walks. You will stay in a simple apartment in the heart of the characterful hilltop village of Corniglia. The apartments are situated in a converted town house and the owners, local wine producers from the village, look forward to welcoming you to your apartment and providing you with top tips for your stay.

Basing yourself in the middle of the five villages allows you to easily access the paths and villages and to truly immerse yourself in the Ligurian way of life. The apartments are equipped with all you need for a week's holiday, including WiFi for sharing those all-important holiday snaps with your friends and family at home. We can offer you three types of apartment, subject to availability, to suit your group size and requirements:

- A studio apartment perfect for individuals and couples.
- A studio Duplex apartment consisting of one separate bedroom and a living/kitchen area with a sofa bed, perfect for families or for up to 3 adults.
- We can arrange two studio apartments on the same floor for families of 4, or for a group of 4 adults travelling together.

Park Fees & Permits

Since 2001 the Cinque Terre National Park has charged walkers to use the paths in order to continue their maintenance and conservation. The pass known as the 'Cinque Terre Card' costs €7.50 for an adult ticket per day (€15 in peak season) and can be purchased at the Cinque Terre National Park's welcome centres. Alternatively you can purchase it online before you travel from <https://card.parconazionale5terre.it/>. As a guide, the current standard and peak season dates can be found here: <https://www.cinqueterre.eu.com/en/cinque-terre-card#cinque-terre-trekking-card-prices>.

The card states the user's full name and may be asked to be seen by an inspector along with your proof of identity.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Soft luggage with wheels AND backpack straps is useful for this holiday. If arriving by train please note that Corniglia town, where you are staying, is located around 1km above Corniglia station. A shuttle runs every day until 8pm and can sometimes be very busy (cost: €1.50 per person per ride). After 8pm, or if the shuttle is full, you will need to walk to your accommodation with your luggage either for around 1km along the road, or up many steps - we do not recommend hard cases with wheels for this reason and suggest bringing something you can carry more easily if required. A hybrid wheel-able soft duffel bag with backpack straps would be ideal.

Health & Vaccinations

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Severe Allergies

Please inform our KE Sales and support team of any severe allergies you may have before travel. We will always do our best to help but we are unable to guarantee an allergy free environment on our KE trips. We advise that you always carry your own treatment for the allergy with you such as 'adrenaline auto-injectors' if required. We also recommend that you discuss this with your accommodation on arrival so that they can better assist you.

Preparing for your Holiday

The advantage of a self-guided walking holiday is that you decide the pace however getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable your walks will be. The walks take you along the famous coastal paths which provide a stunning backdrop for those with a head for heights. You should be comfortable with walking 3 to 4 hours for consecutive days with some steep stepped ascents. We suggest that you try to fit in a number of daily walks in hilly countryside before your trip and its always a good idea to spend some time walking in the footwear you are going to use on this holiday.

Climate

Cinque Terre lies on the coast of Liguria in north-western Italy, with a typical Mediterranean coastal climate where winters tend to be mild and rainy, and summers warm and sunny.

July and August are the warmest months in Cinque Terre, with average temperatures of 24 degrees centigrade and average highs of around 28 degrees centigrade. July is also the driest month, with a monthly average of 30mm of rain.

May/June and September/October are also pleasantly warm, with average temperatures of around 17-22 degrees centigrade and average highs of around 21-26 degrees centigrade. October is however the wettest month, with a monthly average of 150mm of rain, and the area can be susceptible to local flooding at that time of year. April/May and August/September can also be a little damp, with a monthly averages of 75-100mm of rain.

February, March, April and November are the coolest times to go on this trip, with average temperatures of around 8-14 degrees centigrade and average highs of around 12-18 degrees centigrade.

At all times of the year we'd recommend having your waterproofs and warm layers to hand just in case because, as you can see, the weather is not unlike that in many coastal areas of the UK throughout the year!

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
