Introduction

The Via Alpina long distance route - also known as the Alpine Pass Route - bisects Switzerland from Vaduz in the east to Montreux in the west, crossing through seven distinctive regions of Switzerland. Over its 390km total distance, it takes in an incredible variety of landscapes and culture, not to mention traversing fourteen high Alpine passes along the way. On this one-week self-guided walking holiday, you will hike stages 5 to 9 of the classic long distance Via Alpina 1 route, beginning in the small village of Linthal and ending in the resort town of Meiringen. The route will take you from the tranquil Glarus Alps of Central Switzerland to the breathtaking Bernese Oberland, through some of the wildest mountain regions in Switzerland.

If you love magnificent landscapes and the satisfaction and challenge of undertaking a long-distance hike, you should consider this classic trip in stunning Switzerland. This is a superlative trek to rival the Tour du Mont Blanc. Travelling self-guided, with holiday logistics taken care of and just your day pack to carry, we are sure you will be just as enamoured with Switzerland as we are.

Looking to extend your holiday?

To spend more time along this stunning trail, why not combine this trip with our [Via Alpina Trekking - Meiringen to Lenk](#) holiday that stays in upgraded accommodation, and end your two-week holiday in style and extra comfort.

Is this holiday for you?

This trip is perfect for you if you are an active walker looking for a challenging trek without the constraints of joining a group trip or the hassle of making the arrangements yourself. The flexibility of undertaking the Via Alpina as a self-guided trip allows you to go at your own pace with only your daypack to carry while we transport your luggage.

This is a sustained trek in an Alpine environment, covering an average distance of 18km per day over 5 days, with significant daily ascent/descents of around 1,000m on average. You will be hiking around 6

hours each day on average. You should have a high level of fitness, surefootedness and a good head for heights. Experience of hiking in mountainous terrain is a must for this trip. This is a fantastic, well-signposted mountain trek; nevertheless a sound knowledge of map reading is highly recommended, particularly in changeable conditions. Occasionally in the early season you may come across patches of late snow which will need careful navigation.

For safety in the high mountains and on more remote trails, this trip is suitable for groups of 2 or more travellers.

Your Self-Guided Pack & Route Notes

Each self-guided holiday comes with comprehensive route notes and a map or pocket guidebook of the area you are exploring. The route notes contain information about the places you will visit and the local transport you might need, along with the detailed route notes for your daily walks or cycle rides. We even include some tips for the best places to stop for lunch.

You can expect to receive your Self-Guided Pack containing your route notes, a map or guidebook, and all your relevant documents, no later than 3 weeks before your holiday start-date. We will send your documents using a signed-for courier so that you can track your package and know that it is safely on its way to you. For bookings of more than 4 people we will send an additional Self-Guided Pack. If you do not need this additional pack please inform our Sales Team. Your pack will be sent to the lead booker, so please remind them to pack it before setting off.

Should your self-guided trip be part of a longer adventure requiring you to leave home more than three weeks before your holiday start-date, please inform our Sales Team so that we can make alternative delivery arrangements.

GPS Travel App

This holiday includes a GPS navigation app, which contains the routes for you to follow each day, as well as attractions, coffee stops and points of interest along the way. The app does not need to have Wi-Fi connection to work, you simply follow the instructions we provide you to download the app to your personal smartphone device before you leave home and you are ready to go.

While the travel app is running, your phone battery charge can be consumed faster than normal, so we strongly recommend that you pack a power bank with you just in case you require it.

Self-Guided Families

Our Self-Guided Holidays are perfect for your next family holiday and are suitable for children of all ages.

Our partner hotels and accommodations are able to provide cots for young children, and some offer family rooms. We can also arrange hire of children's bikes and tag along bikes for most of our self-guided cycling trips and with trips such as Lake Constance and the Danube offering routes on designated cycle paths you can rest assured in keeping your family safe.

As a parent we trust that you know your own child's capabilities, so please read the itinerary details to ensure the distances covered each day are suitable for your family. If this is a first time walking or cycling holiday for your family, a centre-based trip is a fantastic option as it allows you to easily opt out of a day's walking if a day of building sand castles, swimming in the pool, or visiting museums is calling instead.

Please discuss this further with our Sales Team who will be happy to assist in picking the best trip for your family.

Joining Arrangements & Transfers

The trip starts in Linthal and ends in Meiringen. All of our self-guided holidays are sold on a Land Only basis allowing you the flexibility to choose the travel method which best suits you. The nearest airport for this trip is Zurich with many departures from regional UK airports.

The Swiss Federal Railways network is incredibly efficient and offers excellent connections all over the country (<https://www.sbb.ch/en>).

If you are flying to Zurich Airport, you can take the train from the airport to Zurich Hauptbahnhof, where you can pick up the direct train to Linthal. The journey takes approx. 2 hours. At the end of your trip in Meiringen, you can take the train via Lucerne to return to Zurich.

It is also possible to travel flight-free from the UK via the Eurostar to Paris, where you can change to Gare de Lyon to pick up TGV connections to Switzerland.

A Swiss Half Fare Card is available to purchase which offers savings on the Swiss transport network. You might like to consider this particularly if you are planning an extended holiday in Switzerland. For more information visit the SBB website: <https://www.sbb.ch/en/tickets-offers/tickets/guests-abroad/swiss-half-fare-card.html>

Meal Plan

This trip is on a bed and breakfast basis to allow you the most flexibility during your holiday. Additionally, for one night in the Engstlenalp (Day 5) we have arranged your stay at the hotel on a half board basis, with your evening meal included on this night.

Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

Swiss food is an amalgamation of French, German and Italian cuisine which is hardly surprising with cantons of each language too; and not to mention that Switzerland is a cheese and chocolate lover's dream destination with some of the world's finest cheese makers and chocolatiers calling it home.

The great Swiss staple, the cheese fondue, is a custom all visitors must try; it is almost a rite of passage. A mix of melted delicious Swiss Gruyere cheese, wine and herbs it is the meal the Swiss Cheese Union claim 'creates a good mood', well unless you are first to drop your bread in the fondue that is. Tradition states the poor soul who drops their bread first, must foot the bill.

Although cheese fondue is delicious, it is certainly not the only yummy dish on the menu. Other national delights include Rosti, a fried potato dish which is served with anything from eggs to apples; Zurcher Geschnetzeltes, which translates to 'meat cut Zurich style' and made using slices of veal cooked in a mushroom cream sauce. Traditional food is generally rich and hearty but you will find many lighter options too such as soups, and fresh fish from the surrounding lakes. For a typical dish of the area, Berner platte is a traditional celebratory dish, consisting of a large plate with a variety of sauerkraut, meats, buttery potatoes and vegetables.

Of course, if you are to embrace the cake and coffee culture, you will tuck in to sweet treats such as apple strudel or the renowned Käsekuchen (cheesecake). Go on, you've earned it!

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

On this one-week trekking holiday you will stay in carefully chosen hotels and traditional Alpine guesthouses, each selected for their welcoming hospitality and outstanding locations along this section of the stunning Via Alpina route. Nestled in picturesque valleys with a backdrop of magnificent landscapes, you can rest and relax at the end of your day's hike in the peace and tranquillity of the mountains. Your stay each night will be on a bed & breakfast basis (half board for one night in the Engstlenalp) in comfortable double or twin rooms, typically with Austrian style twin beds (two beds within one bed frame, and separate bedding). Single rooms are available at a supplementary cost.

It is possible to arrange additional nights accommodation at either end of your trip if you would like to extend your stay in Linthal or Meiringen. Please speak with one of our sales team for further details.

Baggage Allowance

Your main luggage will be transferred between each of your hotels while you are out on your walk. We ask that you please ensure your luggage is limited to one piece under 20kg per person, and that your luggage is ready for collection each morning.

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates (*see Health & Vaccinations below*), **and visas for your holiday.** Please ensure that you check the [FCDO](#) for the latest advice for **each country visited** before travel.

Health & Vaccinations

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Severe Allergies

Please inform our KE Sales and Support team of any severe allergies you may have before travel. We will always do our best to help but we are unable to guarantee an allergy free environment on our KE trips. We advise that you always carry your own treatment for the allergy with you such as 'adrenaline auto-injectors' if required. We also recommend that you discuss this with your accommodation on arrival so that they can better assist you.

Currency

The unit of currency in Switzerland is the Swiss Franc.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience. You should be aerobically fit and comfortable with walking 6 hours a day for consecutive days. Hill walking, with a good amount of ascent and descent, is the best training. Running, cycling and swimming are also good for developing cardiovascular fitness and stamina.

Climate

The temperatures that we can expect to encounter during the day will be reasonably warm, ranging between 10°C to 25°C. It can be cool in the evenings, dropping to as low as 5°C particularly at higher elevations. The weather is usually stable during the hiking season between July and September, but mountainous areas do generate their own weather systems and occasional rain and even stormy weather cannot be ruled out. You should be prepared for all eventualities!

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.
