Introduction

This two-week trip focuses on the best of New Zealand's South Island – combining scenic day hikes, unique cultural experiences, and time in some of the country's most striking landscapes. Starting in Christchurch, we explore the coastline and surrounding hills before boarding the TranzAlpine train across the Southern Alps.

From Punakaiki's limestone formations and rainforest trails to the glacier region around Fox Glacier, we travel south through the rugged West Coast. Along the way, we meet local Māori hosts, learn about pounamu (greenstone), and share a home-cooked meal with long-time residents.

The journey includes sections of the country's Great Walks – the Paparoa, Kepler and Routeburn Tracks – as well as time in Wanaka, a cruise on Milford Sound, and hiking beneath Aoraki/Mount Cook. We finish with two nights at a remote hut above Lake Tekapo, in one of the world's best locations for stargazing.

This is a well-paced and varied trip that gets beyond the usual tourist spots and offers a deeper look at the places, people, and stories of Te Waipounamu – the South Island of New Zealand.

Is this holiday for you?

This adventure is designed for active travellers who enjoy exploring on foot and want to go beyond the typical tourist routes. We've included a varied mix of short walks, longer day hikes, and a two-night backcountry hut stay – with walking times ranging from 2 to 6 hours. Some of the hikes follow well-formed tracks, while others involve unmarked terrain, including tussock grasslands, scree slopes, and moderate ascents without a clear path underfoot.

You'll need to be confident walking on uneven ground and comfortable with uphill sections. While this isn't a technical trekking holiday, a good level of fitness will help you get the most out of the experience. The sense of remoteness and wilderness is a key feature of this trip – particularly on our overnight hike to Rex Simpson Hut, where you'll carry your overnight gear in a daypack (bedding is provided at the hut, and main luggage is left behind).

We travel in a comfortable vehicle and keep drive times reasonable, with plenty of opportunities to stop, stretch our legs, and enjoy the scenery. Two experienced driver-guides help ensure a smooth pace throughout the trip. While most of the walks are included, many are optional – and there are a few shorter or rest days to allow for flexibility and personal choice. This trip suits walkers who are looking for a rewarding, varied, and immersive way to experience New Zealand's South Island.

Food & Water

Water from the taps is perfectly drinkable on this holiday - please use this to fill your personal bottles for your daily activities. We do not encourage the purchase of single-use plastic bottles.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

We use a good standard of accommodation throughout the trip, offering a mix of comfortable city hotels, scenic motels, and alpine-style lodges that reflect the character and diversity of New Zealand's South Island. Accommodation has been carefully chosen for its location, quality, and charm, ranging from our comfortable Christchurch base to welcoming motels on the West Coast and well-located alpine lodges near the mountains.

Most nights will be in well-appointed twin-share rooms with en suite bathrooms. If you're travelling solo, you'll be paired with another guest of the same gender unless you've selected the single supplement option, which is available on a limited number of nights for an additional cost.

A highlight of the tour is our two-night stay at the Rex Simpson Hut, a traditional backcountry hut set in a remote alpine basin above Lake Tekapo. This is a fully hosted, private hut experience that offers a more rustic and adventurous stay. Accommodation here is in mixed bunkrooms with shared facilities. There are no showers, but warm water and a basin will be available for washing, and there's a long-drop toilet with incredible views. The hut is equipped with mattresses, sleeping bags, pillows, sheet-liners, a pot belly stove, gas, and solar lighting – everything you need for a cozy and memorable mountain night. The unique location within a designated Dark Sky Reserve makes this stay truly special.

Group Leader & Support Staff

Each group will be accompanied by 2 professional and qualified tour leaders, who will also share responsibility for driving the support vehicle.

Spending Money

A total of £550 should cover the cost of your miscellaneous expenses, including non included meals. You should take at least some of your travel money in the form of cash and exchange this on arrival in Christchurch. It is not necessary to obtain New Zealand dollars prior to departure. It is possible to withdraw cash from ATM's at towns throughout the trip and credit and debit cards can be widely used. If you are intending to buy expensive souvenirs, you should budget accordingly (plastic cards can be useful in this respect). Also, if you expect to buy considerable quantities of soft drinks or beer, you should make an allowance for this.

Guidance on Tipping

Tipping is gratefully received but not expected in New Zealand. It is at your discretion whether or not to reward for excellent service. Tipping in restaurants is also not expected however if you feel the service was of a great standard and you enjoyed the food feel free to tip.

Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. Luggage with wheels is useful for this holiday. For international flights please check your baggage allowance with your airline. For the nights at the Rex Simpson Hut you will not have access to your main baggage. You will need to carry your overnight essentials with you in your rucksack.

General Information

Passport & Visas

From 1 October 2019, travellers must have an NZeTA (New Zealand Travel Authority) to travel to New Zealand. From July 2019 you can request your NZeTA via the Immigration New Zealand mobile app or the Immigration New Zealand website (www.immigration.govt.nz/nzeta). The app is fast, easy to use, and the most affordable option. The cost of the ETA is NZD\$9 for requests made via the mobile app and NZD\$12 for requests made via the Immigration NZ website. You will be asked to pay your International Visitor Conservation and Tourism Levy (IVL) of NZD\$35 (Aug 2019) at the same time. ETA requests will take between 5-10 minutes to complete. Once issued, an ETA is valid for up to two years and can be used for multiple visits to NZ.

Currency

The unit of currency in New Zealand is the New Zealand Dollar.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience. You should be aerobically fit and comfortable with walking for up to 7 hours. Hill walking is the best training, but running, cycling and swimming are also good for developing cardiovascular fitness and stamina.

Climate

We run our New Zealand trekking trips during the Southern Hemisphere spring and summer period of November through to March. At this time of year, we can expect temperatures of between 20°C and 25°C during the day, falling to between 10°C and 15°C at night. Surrounded by warm oceans, New Zealand has a maritime climate and does experience rainfall throughout the year. In the South Island, the West Coast receives far more rain than the east of the island, which lies in the rain shadow of the mountains.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
